BITTS and PIECES

HERO OF THE MONTH

"Asshole of the Month" has been a fixture of HUSTLER Magazine for near on 20 years. A series of 251 consecutive royal sphincters has been crowned, wiped and flushed since the first princely shit squeezer, Richard Nixon, was coronated back in June of 1975. And now, for the first time since the dishonor roll's inception, the string of acclaimed feculence has been broken.

This lapse in HUSTLER's say-it-as-we-smell-it tradition is due to no shortage of Assholes. Rectal behavior is at an all-time high, giving us plenty of shit souls to pick from. No, we're taking a pause from buttole revulsion to acknowledge and laud a singular event in human affairs.

A lone, individual man has shown himself, in one rash act, to be a hero to all men. He has proved that a regular guy will prevail no matter what fantastic and untoward circumstances are thrust upon him. That man, who has given himself so that his brothers may breathe easier, is Mr. Hugh Grant.

Hugh, we salute you.

Hugh Grant got caught with his pants down, and the rest of us are glad he did. Our delight is not borne of malicious glee at the misfortune of others. We extend deep sympathy, appreciation and gratitude to Mr. Grant. Getting busted for engaging in a lewd act will carry a price for the affable Englishman, but it is a small cost.

How many times must a normal, pussy-craving male be dragged to some broad's movie such as *Four Weddings and a Funeral*? The movie is bad enough, but the real ordeal is afterward. The pursued chippie turns to her beau and asks: "Why can't

more guys be like Hugh Grant?"

Guess what, princess: We are! Prior to getting popped with his dick in the mouth of reputed prostitute Divine Marie Brown, Hugh Grant seemed like many things: incipient homosexual fop, simpering girly man, effete pansy boy—but he never gave the impression of being a loser. The guy's a movie star, for Christ's sake. A bloke like that takes his pick of prize snatch: witness his girlfriend, Elizabeth Hurley.

Hurley's face has earned a \$4.5-million contract to represent Estée Lauder cosmetics, and her tits are two of the most pricelessly perfect mams any lucky man has ever laid hand or mouth on; buoyant, bountiful breasts that were devoted to Hugh Grant's

hands and mouth. Still, the dirty dog got into his white BMW and cruised Sunset Boulevard for that fateful car-seat date with Divine Marie Brown.

Who among us has not made his version of the "completely insane" decision that Hugh Grant made? Who among us has not suffered the self-righteous indignation of a girlfriend or wife when she found out about that insane decision? *Hip, hip*, Hugh Grant, for allowing the male lodge to feel empathy and pity for a guy who has everything. How often does the brotherhood of man get the chance to feel sorry for a guy who has porked Elizabeth Hurley?

All across the civilized world, women are mooring: "Hugh Grant was with a hooker. He has a beautiful girl-

friend; still he craves tawdry thrills. What's wrong with him?"

Nothing's wrong with Hugh Grant, lady. His problem is that he's one of us. Congratulations, Hugh, for showing the public that no excess of fame and riches, nor the wet affections of a gem ginch, will kill a man's gutter-crawling instinct.

Our only complaint is that Hugh didn't take his comeuppance more like a man. Why try to worm out of it by public displays of contrition? Why bemoan the guilt and shame? Hugh, you did good, but you could have done better. Having a hard-on serviced in a safe, responsible manner should be no cause for apology, and you should have said as much.

In a sane world, Hugh Grant would not need to be a hero. If Divine Brown's reputed trade were legal, no scapegoat would be necessary. The idiocy and hypocrisy of criminalizing basic human behavior have made Grant the butt of endless crass jokes, but there are serious consequences to making copulation a crime. Social studies have shown that where prostitution is legalized and regulated, the incidence of violent sex crimes is dramatically reduced, as is the victimization innate to illegal activities.

Prostitution will not go away; in fact, it is known as the world's oldest profession. Pornography is thought to be the second oldest human endeavor, with cavemen scratching rude depictions of genitals and coitus upon their stone walls. On your next trip to America, Hugh, it might be safer to pick up a copy of HUSTLER. We're here for you, Mr. Grant, but maybe you already know that.

Eddie Vedder: Does America need to get sick of one more mewling, mega-millionaire rock star? If Eddie Vedder's tummy is so fucking sensitive, he should either step out of the public arena or else get a sex-change operation and call himself Suzanne Vega. Vedder is one of that breed of idealists who talk and testify, then stiff anyone who believes in

Farts in the Wind

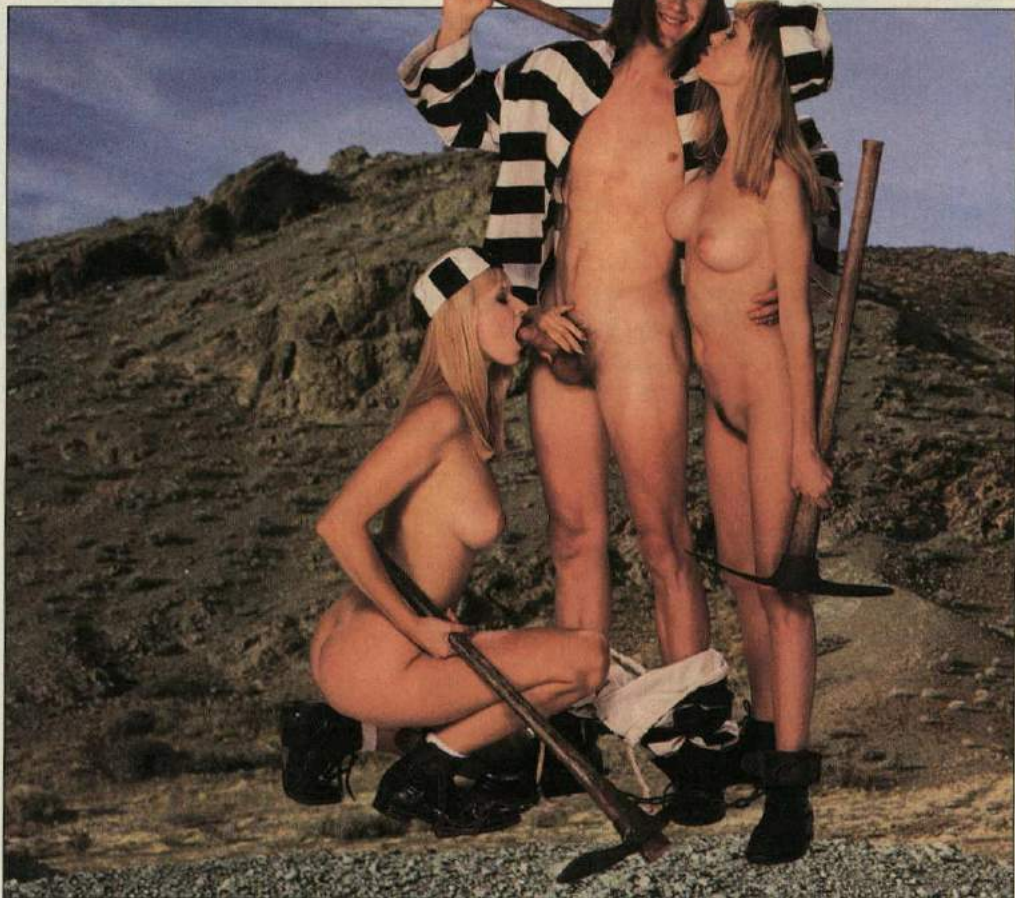

them, such as the Pearl Jam fans who got stuck with useless tickets to see their moan-and-drone idol. A megalomaniac cloaked in the raiment of a humble, tortured soul, Eddie Vedder is an Asshole.

David Hackworth: A journalist for *Newsweek*, Hackworth interviewed Oklahoma City-bombing suspect Timothy McVeigh for the

venerable establishment periodical, and responded to negative reaction by trashing his own interview, making excuses for talking to McVeigh. Maybe Hackworth was an Asshole for presenting McVeigh as a cuddly guy, and maybe Hackworth was an Asshole for backing off, but he's surely an Asshole for both of those things combined.

Chain Gang Bang

Recent attempts by the Alabama Department of Corrections to reinstate the dreaded chain gang have yielded unexpected results. Officials theorized that the embarrassment and physical hardship associated with shackled road crews would set convicts straight. Authorities erred, however, in making the chain gangs coed. In its current incarnation, the forced laboring is actually encouraging men to commit crimes worthy of being sentenced to this not-so-awful punishment. Hear that moaning and groaning? That's the sound of the man, banging on the chain gang.

Spot the Antichrist

See if you can spot the Antichrist in this photo. Formerly the Drug Czar and Secretary of Education of a presently drugged and undereducated nation, he stands out in a crowd. He made money off the hard work of an actual writer with his preachy bestseller, *The Book of Virtues*. And he's doing his best to blame the nation's woes on the executives of the entertainment industry, rather than on ineffectual, self-righteous politicoes such as himself. His name is William Bennett, and he is the ultimate sore thumb. Spot the Antichrist. See him for what he really is: virtueless.

Get Off With a Head Start

Like the mellow strains of DNA floating in a pair of testicles, STARFUCK'S BLUE NUT END provides a smooth, rich, textured refrain, down to the last hearty drop.

Everybody knows how unpleasant it is to go to work with blue balls. It takes the bounce from your step, the jingle from your bells. That's why the world-class bean buyers of Starfuck's have collected this melodious combination of aromatic, ambrosial coffee—to change the tune of those bothersome early-morning nuts of blue.

Welcome to the cool world of Starfuck's Blue Nut End. One sip of this subdued flavor, and you'll get off. We promise. How do you think we got our name? Start the day off in key. Brew yourself (and a special friend) a cup of Blue Nut End.

Get Jizzed!

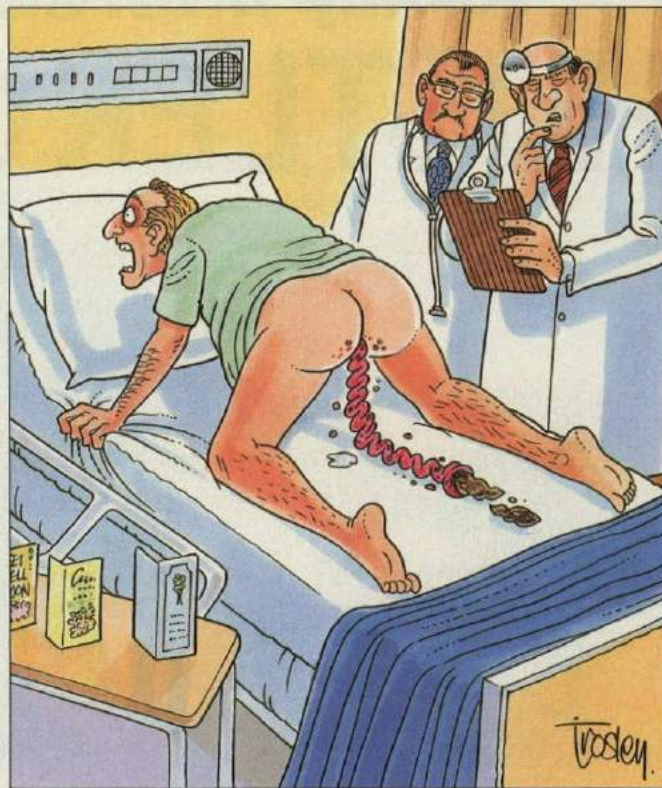

Porn From the Past

Before Japan became a front-runner in the technology race, encouraging 60-hour workweeks and life-long dedication to the company, a simpler, more relaxed era prevailed. Loftier goals were firmly in place back then—and a good fuck was esteemed above all else.

Jason Harrison receives \$150 and our thanks for sharing this raunchy relic. Have some old-time porn pics to share? Send them to HUSTLER's Porn From the Past, 9171 Wilshire Boulevard, Suite 300, Beverly Hills, CA 90210. Include a self-addressed, stamped envelope if you want the material returned.

RETARDED HOSPITAL
10:00 PM 6

For exciting medical drama, the show to watch this fall is *MR*. A runaway success with critics and fans alike, *MR* brings the heart-stopping action of the operating room into America's living room. Retarded surgeons take matters into their untrained hands, and the outcome is unbearably intense. The plots do become particularly obtuse, but the average viewer will catch most of the dense subtext.

Tune in this week to witness Dr. Farter (Juliette Lewis) and Dr. Bent (Chris "Corky" Burke) perform a precarious sex-change operation that leaves their bungled patient tickled pink. Check out the show that everyone's slobbering over.

Wadzilla vs. Asahara

Always a figure to fear, Wadzilla never ceases battling the forces of iniquity, in whatever guise they appear. The primeval evil recently took the form of rotund Shoko Asahara. Leader of the Aum Shinrikyo cult, and all-around not-so-well-behaved Japanese citizen, Asahara stands accused of plotting deadly nerve gas attacks upon Tokyo's crowded subway system. With barely a moment's respite after his mission of mercy in earthquake-toppled Kobe, Japan, Wadzilla sallied forth to the foothills of Mount Fuji to drown the stench of portly cultist Asahara's lethal flatulence. Flinging a potent melange of monster testicle goo, Wadzilla is said to have conquered the kooky Asahara. We can only hope that reports of Wadzilla's victory are true.

He Be Innocent Until...

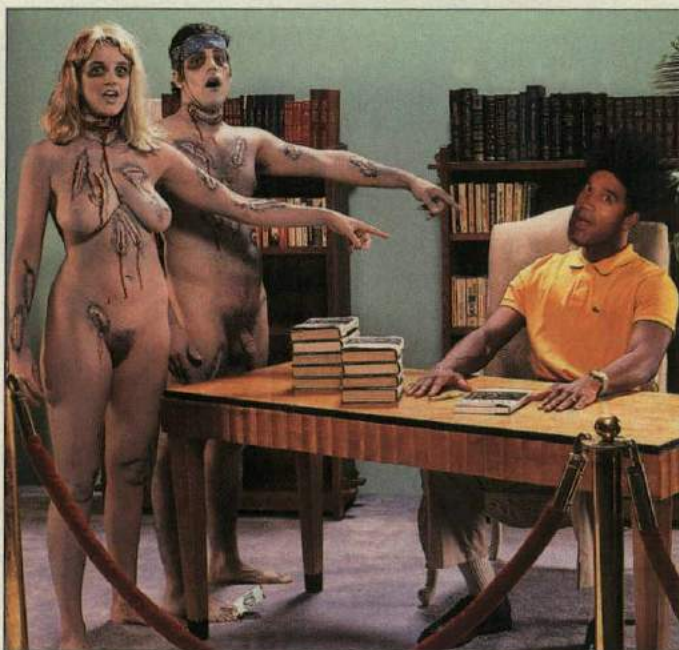

Orenthal James Simpson pleads that he is not guilty of murdering his white wife and her Jewish male friend. Many black Americans believe him. Most white Americans do not. What accounts for this broad disparity of opinions? Oppressed people are reluctant to give up a celebrity who serves as a symbol of minority success in a white-dominated culture. But...come on. What will it take to convince black America that their hero, the Juice, whacked his once-sexy ex and her Bugle Boy model?

Erotica Universalis

Gilles Néret

High Brow Low Brow

Erotica Universalis, edited by Gilles Néret, presents yet another outstanding collection of images from Taschen Publications. The eclectic mix of erotic paintings and illustrations that fills this hefty volume dates from Ancient Greece through the 20th century and depicts a vast array of sexual situations and fantasies. Unhindered by distracting text, *Erotica* is a feast for the bawdy-oriented art connoisseur.

FEED BACK

Think Hard

I have an idea for a sex scene: P. J. Sparxxx takes an internal anal cum-shot from Peter North. She then proceeds to blow it out her ass! I've been watching fuck films for a while, and I've never seen this done. Why could that be? Maybe I can pitch this to CBS as a fall sitcom.

—D. L.

Rio Piedras, Puerto Rico

You obviously take your movie watching seriously, D. L. If there were more people like you working in the adult entertainment business, the world would be a better, sloppier place. Check out the December '95 *Erotic Entertainment* for information regarding videos produced by like-minded individuals. CBS, however, might be less than eager to use your idea; Dan Rather doesn't do anal.

Flat-out Fan

I am an exchange student, and just recently arrived in America. After seeing HUSTLER in a friend's dorm room, I was compelled to write this letter. I'm one of the many men who have a passionate preference for women who have itty-bitty breasts, and I've never been attracted to girls who had large or even average-size boobs. The smaller my woman's chest is, the more she excites me! My dream lover would be a 32A cup, with an almost completely flat chest and a slender, boyish figure. Regrettably, there are not many offerings in adult entertainment that feature tiny-tit girls; so I hope this letter encourages you to give these absolutely gorgeous gals an opportunity to show how sexy flat-chested figures can be. I will become a loyal fan of your magazine if you do!

—A Cup Advocate
Portland, Oregon

As you have probably learned by now, your tastes do not conform with those of the majority of American men, but then again this is the land of the free: You're free to get turned on by any pair of breasts you choose. Did you catch a peek of nippy and petite Adrianna (*Adri-*

anna: Nipped in the Bud, October '95)? Cute, huh? Also, see page 27 of this issue to find out about Topper Video's new tape series, *N. O. Cups*, which celebrates the bantamweight breasts you prize. If you are truly serious about your advocacy, *A Cup*, you'll need to catch the nymphette in this new incarnation.

Left Flat

For a very long time now I've been a big fan and lover of women who love to get totally naked outdoors, and have big breasts. For some reason, small titties leave me limp. The bigger the better, I say! I also say that nudity and sex is much better, wild and fun outdoors. In

Adrianna: *Nipped in the Bud*

fact, I've fallen in love with the view of a totally naked lady in the rough, gray environment of the streets of New York City. I love female flashers who show themselves in the great outdoors. I just thrill at your outdoor male/female pictorials, and for some strange reason, I've fallen in love with Lisa and Rick (*Lisa and Rick: Drive She Said*, August '95). Lisa really turned me on. She is the hottest babe around, and I sure would love to go totally naked with her outdoors like she did with Rick in HUSTLER!

Gives Thanks

As the year winds down, we take the time to look back upon the good and bad. We realize that every piece of shit has a pink lining. There is much to be grateful for, and we like to voice our appreciation for the finer things. Some items make us hard; some make us laugh. While it would be impossible to catalog every single positive force in our lives, some of the more prominent ones stand out. Of those, we take stock and give thanks.

FEEDBACK

(continued from page 13)

there isn't much in the way of landscape in Brooklyn, J. P., we've provided you with Teresa and Kianna, outside and naked, beginning on page 56. If you're interested in some solo outdoor action, check out Shannon by the shore on page 106. Get out and have some fun.

Spooked by Pooper

I'd like to begin by saying that Clive McLean has outdone himself. In the August 1995 issue, there is a layout called *Melissa: Ghost Tail*, and I am simply in love with the woman featured. Not only is she one of God's most beautiful creations, she also possesses the most beautiful asshole I have ever seen. Layouts like this really make me glad I adore anal sex. HUSTLER has always been my favorite magazine, and as long as it continues to show pictures of this kind, I will keep on buying it faithfully. Anal sex forever.

—T. M.
Thomaston, Connecticut

Mr. McLean graciously appreciates your appreciation of his anal attentiveness, T. M.

Hedge Your Bets

I, too, am a Ron Jeremy fan. He is the kind of actor that I would like to write a book about. Unfortunately, I have not had my dick cut off; so he will not return my calls. Also, I agreed with the *Erotic Entertainment* review that gave *John Wayne Bobbitt Uncut* a Totally Limp rating, but everyone where I used to work borrowed it; so I guess it succeeded monetarily anyway. One more thing, I thought you were a racist magazine until I saw that you showed how stupid the skinheads, neo-Nazis and KKK are.

—W. B.
Knoxville, Tennessee

So, W. B., would it be worth dismembering your member to get an audience with the infamous Hedgehog? Think things over before making any hasty decisions.

Black Humor

I am an African-American male who enjoys reading your articles, as well as viewing your sensuous pictorials. Although I am a newcomer to your magazine, I've noticed that in almost every issue, there are one or more cartoons that insult or stereotype the African-American race. I understand that no race is perfect, but constantly downgrading one doesn't make things any better. I sincerely hope that your cartoonists take this

letter into consideration when portraying African-Americans in their material.

—C. B.
Grafenwoer, Germany

Well, C. B., as W. B. mentioned in the previous letter, we do like to show stupid people of all colors for what they are: stupid. Nobody is exempt from satirical social commentary. Read what your fellow expatriate, J. B., has to say in the following letter; and remember, C. B., white or black, the color of all assholes, in the end, is brown.

First off, thanks for having the guts to reprint your pictorial of Butch and Peaches (*Butch and Peaches: An Affair to Remember*, July '95). I hope those morons in the KKK will wake up and realize that a kickass set of hot photos can cut across any stupid racial issues they can dream up. So keep those interracial pictures coming, and make sure they're hot and juicy. As always, HUSTLER leads the way in bringing us proof that the best things in life are pink.

—J. B.
South Korea

Kudos for Kendra

Hold it! Stop right there! There is no point in going any further. Kendra, Beaver Hunt

Finalist #2 (*Kendra: Two Hot to Handle*, July '95) is the perfect woman. There is no way you'll find someone with a more gorgeous body—those legs, that waist, that hair, those perked-up tits.... Putting another finalist on pages that could be used for another spread on Kendra would be wasting space. I have to stop writing now so I can go back for another look!

—B. H.
Marietta, Georgia

We are all losing it over Kendra. We can't even keep our minds on these automobiles. She rules. An encore please. The 21st anniversary issue was the best. Thank you.

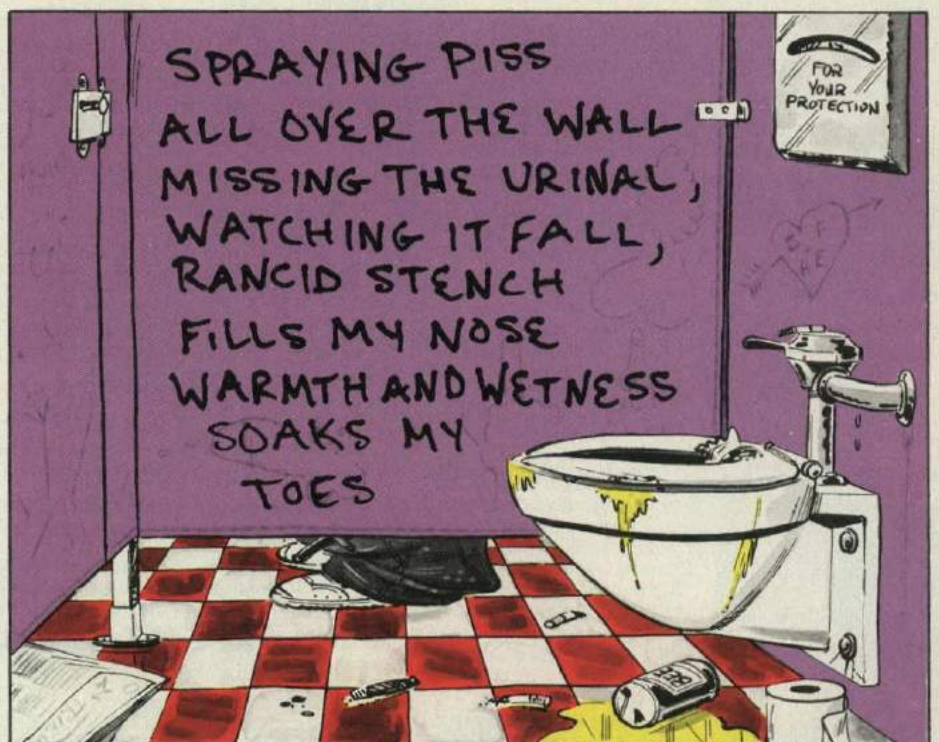

—The Boys at the Garage
Atlanta, Georgia

What's Inside

In your July issue of HUSTLER you had a pictorial on a young woman named Paulina (*Paulina: Hard Look*, July '95). I was put in jail for murder on April 1, 1994. Upon coming to jail, I lost my fiancé. That is beside the point. I believe that Paulina is one of the most beautiful women I have seen. Not because she is almost completely naked and exposed. I believe she is a beautiful woman from the neck up. Her brown hair and green eyes just set me in a daze. A woman such as Paulina should know that

Gregory Dark's DMJ 5: The Inferno

FULLY ERECT. Directed by Gregory Dark; starring Juli Ashton, Kelly O'Dell, Vanessa Chase, Rowan Fairmont, Ariana, Serenity, Amanda Addams, Darcy McDaniels, Rebecca Lord, Felecia, Sindee Cox, Dallas, Nikole Lace, Tammi Ann, Jeanna Fine, Barbara Doll, Dave Hardman, Nick East, Joey Silvera, Marc Davis, Tom Byron, Vince Voyer, Cal Jammer, T. T. Boy, Rich Roberts, Jon Dough, Leslie Forbes and Rip Hymen. Videocassette: VCA Platinum Plus.

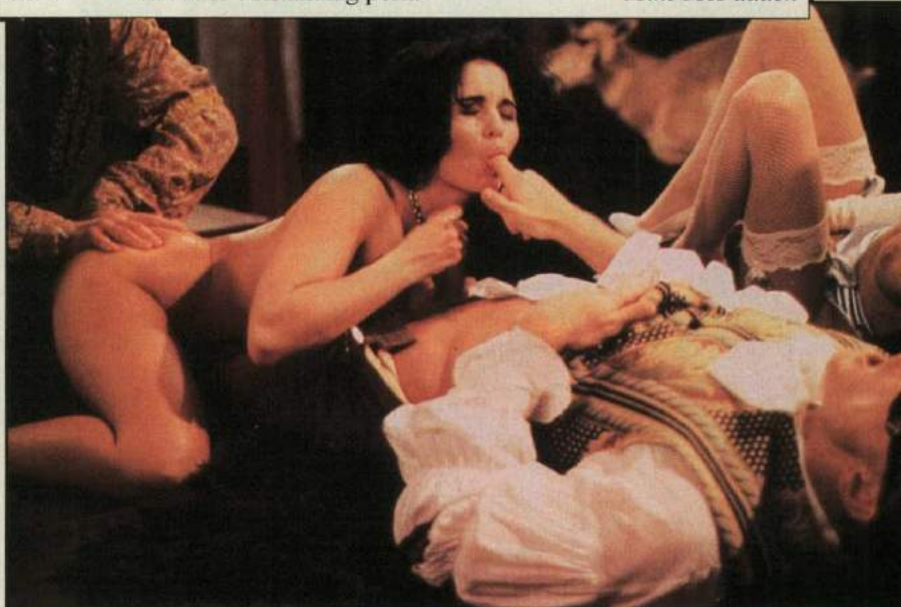

Loony-bird filthmaker Gregory Dark conjures a king-hell fuck epic for his return to porn's vaunted *Devil in Miss Jones* series, and the result is a grand-scale apocalypse of all things erotic and profane. A preposterously pompous Old Nick (embodied by comic actor Rip Hymen) has an eternity of torments on his mind, and the delectable body of Juli Ashton, as Justine Jones, on which to take them out. A demented team of ancient philosophers mount Miss Jones's anus; armed fascists defile a pair of fairy princesses; carnal couples rage in cages while the Devil rails against monogamy; skeezy peep-show

perverts stroke to a blazing butt-sex circus; industrial-strength lesbians pile on and dildo-poke each other in a cartoon-like flesh-factory; southern gents Tom Byron and Jon Dough plow Vanessa Chase's every available field while a fat lady stuffs her largeness into Juli's face; and a brutal hunting-lodge orgy mixes multiple double-penetrations with fresh meat and a peripatetic dwarf in the movie's climax. *Gregory Dark's DMJ 5: The Inferno* is a fitful continuation of the *Miss Jones* saga, and an incandescently bizarre—and whack-worthy—entry into the canon of outstanding porn.

—Mike McPadden

DMJ 5: Chase takes choad from Byron and Dough.

DMJ 5: Rowan Fairmont sizzles in finger-sucking hell.

BOTTOM DWELLERS: That is pretty deep.

The Bottom Dwellers 33 1/3

FULLY ERECT. Directed by Patrick Collins; starring Careena Collins, Marilyn Martin, Sofia Ferrari, Roscoe Bowltree, Jake Steed, Michael DeShane, Joey Silvera, Shawn Ricks, Petra, Nici Sterling and Andrea. Videocassette: Elegant Angel.

Two words: Careena Collins. Wad spurting. Hard fucking. Asshole fanatic. Cum gargling. Clit thumping. Jizz splashing. Meaty cunt. Dicked ass. Sex sweat. Sweet sinner. Candy tits. Sugar nips. Nasty girl. Honey skin. Insatiable holes. Mean screw. Clenched cunt. Filthy talker. Grinding teeth. Punished sphincters. Bucking slut. Sucking scum. Licking balls. Gushing snatch. All access. Anal entry. Full throttle. Stretched shitter. Exhausting boning. Sperm facial. Crawling pussy. Desperate orgasms. Sincere lust. Do anything. Love everything. Supporting cast. Maintains depravity. Fully Erect.

—Christian Shapiro

Wild Breed

HALF ERECT. Directed by Jim Enright; starring J. R. Carrington, Tom Byron, Debi Diamond, Jordan Lee, Brittany O'Connell, T. T. Boy and Steven St. Croix. Videocassette: Sin City.

The plot, the storyline, the causally connected chain of events of *Wild Breed* moves along quickly and efficiently. *Breed's* fast pace is thanks less to any narrative skill on the part of its director than to the immediate planting of T. T. Boy's rigid and ready rod in the slippery grip of trash blonde J. R. Carrington's sphincters. Boy finishes off by grabbing Carrington's hair and slapping his shitter-stuffing, scum-spurting schlong into the flaxen trollop's wide, slut mouth. The audience is hooked, and stays that way as Tom Byron splits his bone between the lubricious orifices of slinky Debi Diamond and gonadal gumdrop Brittany O'Connell, dripping dick grease on both their faces. Boy repeats the feat of pulling his prong from a chick's dung hole to spit semen on her tongue, and a pair of sofas supports two screws, one lesbo, the other hetero. *Wild Breed* fulfills a mild need.

—C. S.

WILD BREED: Brittany bounces atop Boy's bone.

VR 69: Lord and Waay, licking some wang.

VR 69

HALF ERECT. Directed by Jim Enright; starring Jenna Jameson, Rebecca Lord, Kirsty Waay, China Lee, Christine Tyler, Peter North, Steven St. Croix, Alex Sanders and Fozzi. Videocassette: VCA.

Right now, no maker of sperm-killing video entertainment is more prolific than numb-nuts whack-hack Jim Enright and, arguably, none is more wishy-washily incompetent. Enright is a jack-off journeyman, cranking out mounds of marginally masturbatory sump for just about every major XXX production company—never slowing down and never, ever wising up. That stated, Mr. Enright is the ideal choice to helm VR 69, a foray into the deadly dull genre standby that is to Gingrich-era porn what private dick stories were up until five minutes ago: virtual reality. At least Enright's software is above average this time—particularly lyrical French lynx wonder-fuck Rebecca Lord and gorgeous, *très*-Gen X Jenna Jameson, whose huge, hard, man-made meat balloons fill out her retro-'70s baby-tees most tantalizingly—but this is still a Jim Enright movie, meaning that its one or two decent scenes are a relative triumph, and that VR 69 is only virtually pornographic.

SO YOUNG, SO NASTY...BUT JUST BARELY LEGAL

Sweet Cillia

Julia lives and breathes—among other things—in BARELY LEGAL video.

Jaunty Jessica

HUSTLER'S BARELY LEGAL magazine presents budding teenage-girl flesh as fresh and tender as the law allows. Now, courtesy of Falcon Foto, a bevy of BARELY LEGAL's most popular sexual debutantes leap to life via home video.

Bad girl Kate, jiggly, giggly centerfold Jillian, and heavy-jugged junior sex-pot Jessica strut and strip in their own bedrooms; pube-sprouting Jo shows off her first

shave; and schoolgirl Cillia doffs her uniform to share her adolescent nakedness with the wide-eyed video cameras that brilliantly capture every hormonally super-charged moment.

To find out more about videos of models previously featured in HUSTLER'S BARELY LEGAL, contact Falcon Foto, P. O. box 69, Sun Valley, CA 91353.

WESTERN NIGHTS: Tera Heart cowpoked by limp steel-wielder.

Western Nights

TOTALLY LIMP. Directed by Jim Enright; starring Jonathan Morgan, Steven St. Croix, Tera Heart, Kylie Ireland, Asia Carrera, Tony Tedeschi, T. T. Boy, Alex Sanders and Samantha. Videocassette: Wicked Pictures.

Every little boy as he's growing up goes through a stage where he wants to be a cowboy. He wants to dress up in cowboy clothes, carry around cowboy six-shooters, engage his wee cowboy pals in cowboy gunfights, maybe even ride a cowboy horse and knock back the swinging doors of a cowboy saloon and sit down to a cowboy game of poker. Somewhere around puberty, most of us outgrow this adolescent horsing-around phase and drop our cowboy ways for the pursuit of pussy. *Western Nights*, unfortunately, documents a case of mass cowboy regression in which an entire crew of porn-industry males virtually abandons the ideals of snatch, tits and ass in order to cavort upon a ranch-town movie set and play their juvenile cowboy games. The fillies of *Western Nights* are thoroughbred broads, but they simply do not get the bucking-bronc riding they deserve.

—C. S.

CHASIN' THE FIFTIES: Chasey Lain, center, chews into retro-labes.

Chasin' the Fifties

HALF ERECT. Directed by Jim Enright; starring Chasey Lain, Colt Steele, Tiffany Mynx, Steven St. Croix, Jordan Lee, T. T. Boy, Amanda Addams and Lindsay May. Videocassette: Wicked Pictures.

The concept of a "costume" drama is of questionable judgment when applied to "skin" flicks, but director Jim Enright persists in dressing up performers who work best while naked. In *Chasin' the Fifties*, a gaggle of X-rated thespians pretends to be fucking around during the happy-days period of American nostalgia that directly preceded the '60s. The girls don saddle shoes, cardigan sweaters and voluminous taffeta dresses. The dudes sport jeans, T-shirts and—except for one longhair with ponytail imperfectly concealed—greased, short hair. The flick's major historical incongruity is the boobjobs on most of the actresses, a dead giveaway that this action is shot in the augmented 1990s. A ratty-hair contemporary cunt endures a double-penetration power poke; Steven St. Croix plows a solid table-top penis plunge into waitress Amanda Addams; swing-tit blonde Tiffany Mynx squeals and squawks as T. T. Boy slices his wand into her hole, pulls her ponytail and drains on her face; and chewy cooze candy Chasey Lain strums her clit as a prick in a rubber pumps her pussy. *Chasin'* is worth a trivial pursuit or two.

—C. S.

Seymore and Shane Live on Tour

THREE-QUARTERS ERECT. Directed by Seymore Butts; starring Shane, Shawna, Melonie, Chellé, Jordan Michaels and Christopher. Videocassette: Ultimate Video.

Seymore and Shane Live on Tour, at last, gets it right. The chief drawback to previous installments in the popular pro-am line was director Seymore Butts's babbling too much over too many shots of his own dick. *Live On Tour* focuses more exclusively on adorable nymphomaniac Shane as she bites boobs, shines shags and bends for penile assault on her international strip-club tour. Wad-pulling moments come aplenty. Shane chows trash-gash Chellé while they ride a peculiar vibrator; meaty Melonie sucks Shane slit backstage at a nudie bar; breasty blonde Jordan Michaels jams twat in Toronto; salacious stripper-baby Shawna swallows Seymore hole; and, finally, Mr. Butts delivers a depth charge of dong-malt to his bride's open bowels. *Seymore and Shane Live on Tour* injects new life into a formerly tepid video line: Stokers can expect this road show to bear similar effect on their pants.

—S. H.

LIVE ON TOUR: Snizz gives Shane the smiles.

Hotel Sodom

HALF ERECT. Directed by David Christopher; starring Anna Malle, Debi Diamond, Marilyn Martin, Eva Flowers, Autumn Day, Peter North, Nick East, Alex Sanders and Steven St. Croix. Videocassette: Snatch Productions.

Onanistically competent shlock from *Pussyman* director David Christopher, *Hotel Sodom* displays weathered XXX gash getting it in the face, flue and fudge-cutter from time-worn beef-wands. Steven St. Croix plants a root deep in Eva Flowers's dirt garden, and Autumn Day puts her privates in the way of Marc Wallace and Tom Byron in the tape's two interludes of substantial interest. *Hotel Sodom* is pretty much a dive, but for the jerk-maven seeking a sure pop of man-milk, the service is friendly and reliable.

—S. H.

HOTEL SODOM: Sanders services Anna Malle.

The Best of Buttslammers Volume 1

THREE-QUARTERS ERECT. Directed by Bruce Seven; starring Victoria Paris, Ariana, Misty Rain, Felecia, Lia Barron, Tianna, Sydney St. James, Celeste, Kitty Yung, Bionca, Danyel Cheeks, Debi Diamond, Shelby Stevens, Alex Jordan, Nancy Vee and Clarissa Catz. Videocassette: Bruce Seven Productions.

A little-known truth about dirty-minded women (little known except, of course, in female circles) is that filthy broads indulge in their most uninhibitedly vulgar and obscene behavior when no men are around. Proof of the bad chick's predilection for private debaucheries has long been provided by Bruce Seven's all-girl, anal-centered *Buttslammers* fuck-tape series. Aside from documenting the secret sins of sick-hole sisters, the *Buttslammers* videos also raise irrefutable evidence as to the effect hole-hog girls have upon men who are granted a peek at the chick-in-poop-pit action. Any voyeuristic male intrigued by the idea of broads slipping their hands up the snatch of other broads, ramming strap-on dildos down throats and up buttocks of comely slits, slipping and sliding on molten heaps of baby-oiled girl skin, praying with anal beads and all the rest that depraved femininity can come up with, look into *Buttslammers Volume One*. They don't call it the best for nothing.

—C. S.

BUTTSLAMMERS: What is the sound of five butts slamming?

LOOK, MA— NO PLASTIC!

Topper Video, the mammary-oriented entertainment giant responsible for such behemoth-breast tape lines as *Toppers* and *Big Knockers*, soon will be breaking new smut ground, but not busting any new bras.

"All real tits," proclaims Topper kingpin Larry Ross, "and most of them real small: The time has come!"

Ross refers to his on-the-way *N.O. Cups* line—short for *Natural Only*—in which silicone-free sweeties sway their surgically unenhanced loveliness into each other's mouths and muff-pies for fun and orgasm.

"Fake boobs are great," opines Ross, "and huge boobs are great too, but there's a place for soft, sensitive, non-implanted tiny ta-ta's as well. I wanted to see it, and I think the public will also."

The public can do that and more come late summer 1995, when *N. O. Cups: Volumes 1* and *2* are released to video stores.

Unenhanced honeys naturally shine in Topper Video's N. O. Cups line.

Natural food at its finest.

No implants there either!

Adult Affairs

HALF ERECT. Directed by M. Johansson; starring Nina Hartley, Kirsty Waay, Juli Ashton, Petra, Randy West, Cal Jammer, Alex Sanders, Rocco Siffredi, Steven Canterbury, Tom Byron and Jay Ashley. Videocassette: VCA.

Any 1995 smut opus boasting Nina Hartley and Randy West at the top of its cast could well be titled *Old and Older*, but writer and director M. Johansson's *Adult Affairs* makes sure to be plenty *dumb* too. On behalf of old fucks Hartley and West, it must be stated that their bodies are in remarkably good shape, their enthusiasm for crotch-jinks continues to brim high and hard, but...they're still a couple of old fucks. Two scenes save this limp porn parody of tabloid TV from being a total bust and, not surprisingly, each features continental cocksman extraordinaire Rocco Siffredi: In the tape's opener, Rocco beds and dumps ball sauce all over Juli Ashton and a lithe, nameless brunette; later, rock-hard Siffredi socks his cock between the big, squishy-real boobs of soft and sexy Petra. *Adult Affairs*, otherwise, is a senescent waste.

—S. H.

ADULT AFFAIRS: Rocco puts sausage to sumptuous Petra.

CANDY FACTORY: Tammi Ann is treat enough for two tongues.

Jim Holliday's Candy Factory

THREE-QUARTERS ERECT. Directed by Jim Holliday; starring Shayla LaVeaux, Alexis DeVell, Kaylan Nicole, Debi Diamond, Keisha, Tammi Ann, Angela Summers, T. T. Boy, Marc Wallace, Steve Drake, Nick East and Mike Horner. Videocassette: Plush Entertainment.

Starting the right way, *Jim Holliday's Candy Factory* opens with T. T. Boy slicing through a pretty blonde's plush buns from the rear, humping and heaving and dumping a glob of stuff on her belly. This immediate slam-bang is followed by a little bit of talking and the flick's credits, which lead to some bitches having a business meeting about their candy factory. Do not despair: A tiny-tit blonde sucks two dicks, one from either side of her face, and spills testicle swill on her petite nips. A recurring girl/girl grope and poke sets something like a theme, with strap-ons giving way to toes twisting into twat, getting an entire half a foot up there. Marc Wallace falls face first upon the breasts of Keisha and rebounds to fuck her with a condom. The *Candy Factory*: How sweet it is.

—C. S.

Horny Henry's French Adventure

THREE-QUARTERS ERECT. Directed by Horny Henry; starring Rebecca Lord, Julia Chanel, Tina Tyler, Elodie, Chanté, Dick Nasty, Mike Horner and Ron Jeremy. Videocassette: Totally Tasteless Video.

Horny Henry's French Adventure is essentially an amateurishly made piece of shit, but it's a piece of shit containing two hours of unbelievably sumptuous Gallic flesh—from quasi-Peeping Tom topless beach footage to familiar fuck dynamo Rebecca Lord opening her bung for meat-sword to dusky Chanté shaking her sizable dairy-cannons with a dork inside her to the unbelievably elegant Elodie doing Dick Nasty poolside—so it's a *hot* piece of shit. *French Adventure* is the first Horny Henry flick worth a stroke, and if Mr. H. H. has even half a brain, he'll remain a foreign correspondent.

men don't just look at her body. I can only hope that one day I will be able to have a wife half as beautiful as she is. Thank you very much.

Erotic Guidance Counselor

I've been using your *Erotic Entertainment* section for years to determine what movies I want to buy. I have found that you folks know what you're talking about when you rate movies. I always count on your advice when selecting movies and haven't been disappointed yet. What I'd like to know is, have you got a list of only Fully Erect movies past to present that I can buy? This would be of great help in putting my collection together. Also, do you know a first-rate company that can provide these movies? And last, but not least, where or how can a guy obtain movies that include bestiality?

Looking forward to your response, and keep it up!

—D. R.

Ocean Springs, Massachusetts

For starters, D. R., the monthly *Stroker's Guide in Erotic Entertainment* includes a directory of recent Fully Erect titles. If you're looking for a more extensive listing, the January '95 issue of *HUSTLER* contained *The Year in Yanking: HUSTLER's Best Porn Tapes of 1994*. The January '96 issue will feature a similar shopping list, if you can wait that long. A reputable mail-order company can usually be discerned by its willingness to accept payment by credit card, and by possession of a phone number. As for your interest in bestiality, porn has no scarcity of beasts; unfortunately they're all human.

Blessed Elf

If possible, could you tell me the name of the model who appears on the cover of the Holiday 1994 issue of *HUSTLER* Magazine? Has she been featured in any pictorials in *HUSTLER* or any of its affiliates? If so, what issues, and how could I get them? She is so hot; I've got to see a full spread of her.

—S. Z.

Center Line, Michigan

Santa's foxy helper on the cover of our Holiday '94 issue was none other than Lisa Ann, who graced the cover of the June '95 issue of *CHIC* Magazine as

well. She's also the mouthwatering centerfold of that issue. Don't have it? Call our Subscriptions Department at 1-800-220-0314, and they'll surely give you what you need.

Belly Ache

Does the person who wrote the *Feedback* letter "Life Giver" in the February 1995 issue of *HUSTLER*, who thinks that the pregnant Kelly (Kelly: *Knocked-up Knockout*, November '94) is the most ravishing creature on earth, also think that a man with a bag window (beer belly) is the epitome of male good looks? Are there women who get hot

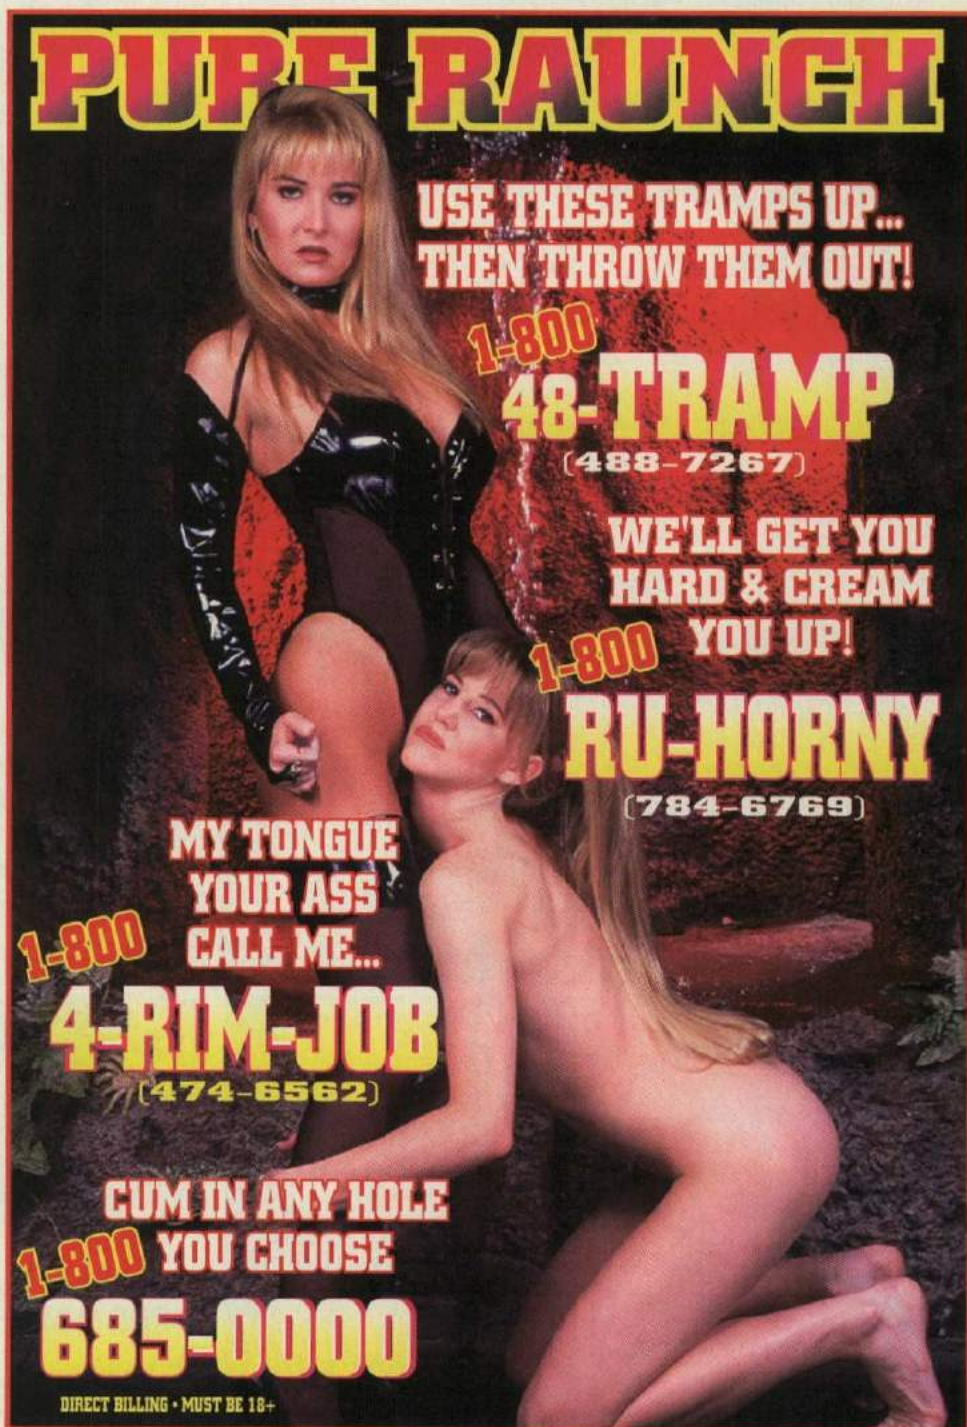

from the sight of big male bellies? Come on, girls, write in and tell those men! Why not introduce a *Belly Hunt* section in *HUSTLER*?

—G. J. W.

Chicago, Illinois

We await your photo entry, G. J. W., but we promise you nothing.

Do you have a comment or complaint? We want to hear it. Send your letters (typed or neatly handwritten) to *HUSTLER Feedback*, 9171 Wilshire Boulevard, Suite 300, Beverly Hills, CA 90210. Include a phone number if you want your letter considered for publication.

WAD GOBBLER

My wife, Billie, has been very understanding since I lost my job at the auto plant, but sometimes I wish she would shut the fuck up. All day long she's screeching about how I need to quit smoking, I need to lose weight, and how good I've got it lying around the house. I don't need to be constantly reminded that I'm the bitch in our marriage. That's obvious each time Billie replaces my Marlboros with a pack of goddamn Big Red cinnamon gum, then goes out and waits tables—while I crack open another Bud, and tune in *As the World Turns*. Sure, there's a horny housewife next door who occasionally lets me beat off on her gross mams, but for the most part I spend my days fielding endless phone calls from Billie, reminding me to wash the dishes, take out the trash and cook dinner.

Thanksgiving was a real pain in the ass this year. Billie outdid herself by inviting not only her parents, but also some stuck-up coworker named Louise. Something about Louise made me hate her guts right away. She thinks her shit doesn't stink. Worst of all, Louise may be right, judging by the perfectly shaped, heavenly ass pillows outlined in her tight jeans. I took her coat, along with another belt of beer, and belched right in the uppity blonde's face.

When Billie's parents showed up, I was already tanked. I greeted my father-in-law with "How the fuck are you, Pop?" and gave his old lady a firm slap on the rear. Louise pretended to be disgusted, but I could tell my rude behavior made her hot. My old lady, however, wasn't acting when she came out of the kitchen with a scowl on her heavily made-up face.

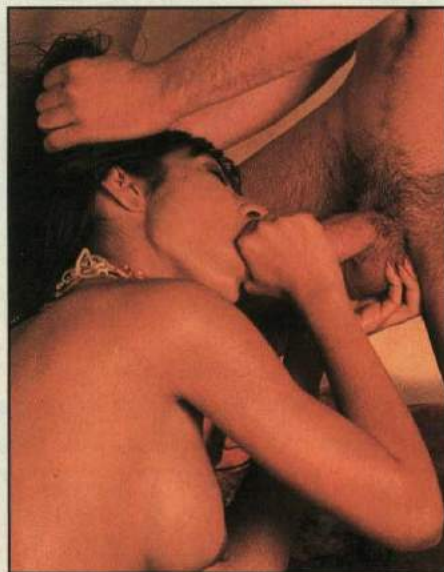

"Honey, come give me a hand with dinner," she purred through clenched teeth. What the fuck did Billie need help with?

Had it been so long since this cunt prepped a meal that she couldn't heat a pre-cooked turkey and boil frozen vegetables? I left the in-laws to Louise's inane questions about the home security system we installed last month. As I followed Billie's bobbing, red ponytail down the hallway, my anger rose as quickly as the growth in my shorts. I get off on the way my wife's skin turns the color of her crimson hair whenever I piss her off. Apparently, so does she—Billie's nipples tend to stick up like thumbs just before she wings a lamp or frying pan at my head. I decided to risk a concussion by telling her off.

"Don't you start your bullshit with me," I growled. "I'm not the one who wants your parents here, or that suspicious bitch Louise." It worked—Billie got that hot-and-bothered look.

"All day long, you're on my ass like a hemorrhoid." I mocked Billie's squeaky voice. "'Clean this, wash that.' How about washing *this* off with your big fucking mouth?" I whipped out my choad and waved it in Billie's blushing face. Her eyes followed the meaty eight inches like a stray dog at the kielbasa factory.

"Stop acting like a drunk prick," Billie panted. "Look at you! Instead of check-

ing the turkey, you're choking your chicken. You're just trying to distract me from making you cook dinner." If the twin protrusions under her blouse were any indication, my wife had other things on her mind besides good housekeeping. Now it was time to call Billie's bluff.

"You got yourself a rude prick, all right," I bellowed loud enough for her parents to hear. The thought of hoity-toity, shifty-eyed Louise listening in made my dick even harder, and my talk dirtier. "Fuck you. You're the goddamn turkey, Billie. Say 'gobble, gobble' and I might let you gobble on my fat cock."

Billie's eyes burned with that familiar brew of disgust and animal craving. "You wouldn't," she spat, unconsciously licking her pouty lips.

"Come on, Tom Turkey," I slurred. Pulling off my pants while wielding my wang was no mean feat in such an inebriated state. "Say it, and you can nibble on this nice ear of corn."

Unexpectedly, Billie used all her strength to knock me to the floor. I felt the room spin as she devoured my member in one gulp. Billie's noisy slurping was almost enough to coax wad, but I couldn't let her off so easy. With a loud *pop*, I pulled out of my little Butterball's pie-hole, and grabbed her red mane of hair.

"Tsk, tsks," I scolded. "You forgot the rules." Billie struggled to wrench her head away from my grasp, and back into my lap. Putting up a hassle only made me yank harder.

"Gobble, gobble," she groaned reluctantly. Her top came unbuttoned as she wriggled out of her polyester work uniform. "There, I said it. Now stop playing games and shoot that spunk down my pipe, you lazy bastard!"

Obviously, Billie hadn't learned her lesson. I reached behind my head and pulled out a drawer filled with silverware and ketchup packets. On top lay a pair of rubber gloves. As my now-naked wife followed me around the kitchen on all fours, I gathered the gloves, a plastic funnel, and the paper plate reserved for Louise. That ritzy bitch could eat on the floor, for all I cared!

"What the fuck are you do—mmf!" Billie's squealing was cut short when I snapped the funnel over her yap with a rubber band. Next came the glove, elongated nearly to the breaking point as I stretched it onto her head. Finally, a few pieces of Scotch tape nicely affixed the plate to her bare ass.

"Now you're a real turkey, with a

A Date With

Destiny

Destiny is the momentous, life-altering events that happen to other people, big people. Five-star generals, Hollywood film producers, the great men of history, immortals from JFK to Pee Wee Herman: The paths of glorious destiny are reserved for *ubermensches* such as these.

The rest of us, for the overwhelming most part, share the common fate of the obscure masses. Huddled, faceless spectators shunted to the side of the world's stage, the average-Joe hordes can only watch and dream of being a part of the exalted action.

Once in a blue moon, an anomaly occurs within the fabric of the divine plan. A regular guy is chosen. He is called to get up off the couch and be a player among players, to court Destiny. In March 1995 such an opportunity was presented as HUSTLER unveiled its "Win a Date With Destiny" contest.

Within a day or two after the announcement, most of our readers had responded, eager to take their best shot at the inexorable forces of completion. Obviously, we couldn't single out one guy over all the rest of you. That would be playing God. Instead, HUSTLER has decided to send all our readers on a night of flirting with the powers that be.

Squint a little, get into the photos, and hold on as Destiny comes knocking.

NOW THAT ALL YOUR PESKY SEXUAL TENSION IS OUT OF THE WAY, WE CAN GET TO KNOW EACH OTHER.

NO, I'LL DRIVE. YOU GO AHEAD AND HAVE ANOTHER BEER.

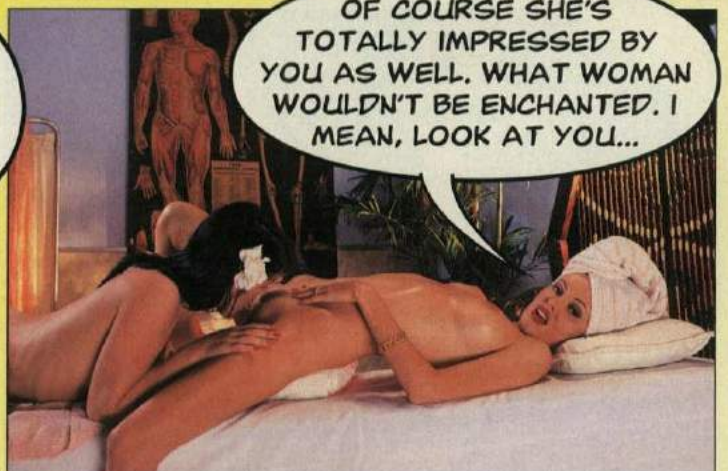

I'VE NEVER BEEN TO A MASSAGE PARLOR, BUT SOMETHING ABOUT TONIGHT MAKES ME FEEL A LITTLE CRAZY. WANNA GO?

NO, NO, KEEP THAT MONEY. I'LL PAY FOR BOTH OF US. YOU DESERVE IT, YOU'VE EARNED IT, AND I FEEL LIKE YOU'VE GOT MORE COMING.

MINE'S CUTE, AND HER HANDS ARE SO WARM. ARE YOU HAPPY WITH YOUR GIRL? I GUESS YOU LIKE BIG TITS, A BABY-DOLL FACE AND THE ABILITY TO SUCK LIKE A SQUID....

OF COURSE SHE'S TOTALLY IMPRESSED BY YOU AS WELL. WHAT WOMAN WOULDN'T BE ENCHANTED. I MEAN, LOOK AT YOU...

I'M REALLY STARTING TO ENVY YOUR GIRL. SHE'S CERTAINLY GOT A LOT OF MEAT TO WORK WITH, AND BOY DO YOU KNOW HOW TO USE IT.

I GUESS I'LL JUST HAVE TO WAIT TO GET YOU BACK HOME.

Hot Letters

(continued from page 33)

I screamed right back, "Don't tell me what to do!" My white gravy spewed onto Billie's back, soaked the paper plate, and oozed down the crack of her ass.

beak, and feathers on your tail and crown," I proudly proclaimed. I mounted Billie from behind, my gut spilling over the paper plate.

"You dumb son of a bitch," she moaned through the funnel, her voice breaking as my manhood seared open her vage. "Turkeys don't have—*ungh*—crowns; you're thinking of the—*oof*—wattles under their necks!"

Even as I pumped in and out of her sweet pussy like a piston, I knew Billie had a valid point—for the first time in our 12-year marriage. The deeper into her uterus I pushed, and the harder I mauled her swinging, pendulous milk sacks, the more I realized something had to be done.

By the time climax rippled through Billie's loins, however, I'd forgotten all about talking turkey, and focused solely on pounding this bird to a screaming orgasm. Her back arched violently, somehow knocking my chin into her forehead. As I yelped, the goddamn Big Red gum tumbled out of my mouth, and into Billie's hair. Inspiration struck as my balls lurched into their final rumble. I untangled the sticky mess and stuck it to Billie's neck.

"Gobble, gobble," she screamed in ecstasy. "Pull out that baster! Squirt your juices all over me!"

I screamed right back, "Don't tell me what to do!" My white gravy spewed onto Billie's back, soaked the paper plate, and oozed down the crack of her ass. We collapsed together in spent bliss.

Without warning, Billie's body tensed. "My parents," she exclaimed, rushing out to the living room, now more like a chicken with its head cut off. "They've been waiting for an hour!" The withered geezers were gone—along with most of our worldly possessions.

"Louise," howled Billie. "She stole our furniture!" No sooner had this revelation sunk in than Billie smelled something burning.

"Dinner," she screeched. "It's on fire!" Billie fell to her knees, sobbing uncontrollably. Before smoke completely engulfed the kitchen, I made sure Billie watched me light a cigarette on the flaming turkey carcass. This Christmas, I think we'll order a pizza.

MOSH TIT

Sometimes it's difficult for me to accept the fact that my darling daughter Janelle is 18 years old. I know it's been nearly two decades, but it seems like only yesterday I was bouncing a sandy-haired toddler on my knee. She had never heard of

body piercing, tattoos and punk rock. Now, when Janelle stares at me through long, purple tresses, and asks if she can borrow my credit card to buy new leather gear for a musical performance by Cancerous Prostate, I long for those more innocent days. As a product of the 1960s, I know firsthand what kind of very real dangers lurk behind the facade of a care-free, teenage lifestyle: drugs, suicide and sexual predators.

When Janelle asked for permission to attend a concert put on by the Nads, I was hesitant. According to local news reports, the lead singer of the Nads was a 20-year-old former prostitute, legendary for inserting random objects thrown onstage into her shapely bottom. If any such display were going to take place in front of my impressionable daughter, I was determined to be the voice of guidance by her side.

My eyebrows raised further when Janelle planned to meet her "really special friend" Tara at the Nads show. I'd never met Tara, and Janelle's description of the "total babe who practically walks around in her underwear" definitely merited investigation. A proposed sleepover at Tara's house would not be allowed if the unmentionables-clad lass and her parents did not meet my moral standards. At the tattoo parlor, Janelle heard my objections

and called me an "old fuddy-duddy." I paid for her new eyebrow piercing, and we left for the concert in silence.

The "music" of the Nads was, predictably, unlistenable noise. Sure enough, the lead Nad was an otherwise attractive, intelligent-looking strawberry blonde, who stopped between songs to work her "disappearing act." Car keys, spare change and snacks from the concession stand were stuffed into her nether regions, apparently never to return. I was in the midst of detailing the health and hygiene risks of unsupervised rectal probing to Janelle, when she slapped her hand over my mouth.

"Don't be such a tight-ass, Dad," she hollered over the din. "Go have some fun!" With those words, Janelle pushed me into the churning sea of bodies near the front of the stage. I was slammed into and thrown about by the sweating, screaming Nads fans. Many of the crowd members were girls Janelle's age, who took every opportunity to yank at my clothes, or grope my privates.

To my surprise, I spotted a beautiful, slightly older woman standing directly in the middle of the mob. Her silent, refined poise—not to mention her heavy, swelling chest—was like an oasis of calm and maturity in the midst of all the adolescent

Humor is a very subjective thing. What's funny to one person—the plight of a group of nuns run over by a truck loaded with whoopee cushions, for example—may be tedious and trite to another. Some themes, however, are universally hilarious, appealing to a base comedic instinct as primal as eating, shitting or fucking. Somehow, the very idea of sharing intimacies with this wanton, prowling harlot, whom I would never allow near my home or family, was making my member snake even further down her gullet.

chaos. Not since my dearly departed wife overdosed on heroin four years ago had I felt such carnal longings. For a moment, I stood still and soaked in the vision of her exotic beauty: long, thin legs that seemed to reach up for an eternity toward the nirvana of her tilted rear; a washboard stomach peeking through the flimsy material of her loosely tied halter-top; cat's eyes and sensuously puckered lips framed to perfection by her auburn, symmetrical hair. The Doc Martens footwear of a clumsy stage-diver knocked me out of my reverie, and to the ground.

When I opened my eyes, the object of my arousal was hovering above my prone form. Nervously, I struggled to stand up, until the mysterious stranger placed her hands on my shoulders, and gently laid me back down on the filthy hardwood floor. She unbuttoned my shirt, allowing me to catch my breath; next came the slacks, my zipper seeming to melt like butter under the hot touch of her talented hands.

"Who—what are you?" I gasped. She silently placed a single finger to her voluptuous mouth; then replaced it with my erect organ, which she sucked with alarming proficiency. I was receiving the most skilled oral sex of my life while lying in the middle of a horde of angry 18-year-olds. Every instinct in my body told me to grab my daughter and run for the safety of our home. Janelle, however, was nowhere in sight; and somehow, the very idea of sharing intimacies with this wanton, prowling harlot, whom I would never allow near my home or family, was making my member snake even further down her gullet. When I felt my inevitable climax brewing, I flipped her body on top of mine, tore off her red panties, and bucked my groin into her scalding fleshpot. My orgasmic cries were drowned out by the similar caterwauling coming from the stage. The enigmatic strumpet squatting over my squirting rod, however, made no sound; the flood of juices that coursed out from between her legs was signaled only by a series of visible shudders.

I looked around the room and realized that all eyes were turned to our animalistic coupling. Not wanting to be associated with the type of woman who initiates sex with strangers at rock concerts, I rudely pushed my silent partner aside and forced my way through the gawking throng. I was determined to find Janelle and drag her away from this den of vice. How far had I sunk in my attempt to be an understanding parent? When I got my hands on Janelle, I would take out her piercings, erase her tattoos, and drop her in the nearest church youth group.

I ran into the parking lot, bellowing Janelle's name. The giggling response came from a black Buick Regal just a few feet away. Janelle sat in the back with a teenage girl wearing bikini bottoms and a lace bra for a top. As the provocatively dressed tart laid a deep kiss on Janelle's parted lips, I realized the "special" nature of her friendship with Tara.

Behind the wheel sat the cat-eyed stranger, a preternatural calm settling over her face as the car pulled away.

"Don't worry, Dad," Janelle shouted,

her purple hair flowing out of the back-seat window. "Tara's mom is driving us home!" The long fingernails that had caressed my cock wrapped around Janelle's shoulder, dragging her back inside, as the slowly closing tinted windows obscured the last eye contact I would ever share with my daughter.

Restrictive attitudes in the name of so-called morality increasingly take the fun out of fucking. Through good, old-fashioned homespun knowledge, hearsay, scientific facts and outright lies, this series strives to spread the word that rubbing uglies is a beautiful experience.

Words of Sex

Filthy Fucking Talk Inspires a Filthy Fucking Fuck

By Alex Marvel

"Motherfucker!" snarls the girl. Her name is Heidi Spangler; she's in her early 20s, white, middle-class, brought up in a clean, moral household. "Fuck you, you bastard!" she screams. A man is on top of her, working his cunt-lubed penis into her anal rosebud. "Dirty, fucking bastard," hisses Heidi. "You're a dirty fucker, fucking pig."

The guy bears down on Heidi's ass, his penis driving into her rectum like an internal-combustion piston.

"Fuck you," wails Heidi over and over, her volume increasing with the accelerating intensity of the man's thrusts through her sphincters. "Fuck you, shit fucker."

Achieving climax as Heidi reaches a crescendo of filth, the man collapses in a heap of spent exertion.

"Honey, that was so nice," chirps Heidi. "I'm so glad I married you. Would you like me to get up and make lattes? Should I put on a video? A dirty one?"

On his back, Heidi's old man can only smile. He opts for both the coffee and the pornography.

* * *

Talking dirty is among the first forms of deliberate sexual excitement for many erotic enthusiasts. A childhood joy in the use of lewd, forbidden language is no guarantee of depravity in the years ahead, but it is a hopeful sign.

"My fascination with rough language began after I'd started getting hard-ons, but before I'd figured out how to jerk myself off," recalls Biff Bopper, a 26-year-old rap-record promoter from Long Island, New York. "Me and my buddy Richie the Gripper used to walk out in the woods and say the dirtiest words we knew out loud. *Wiener, pussy, poop, piss, fart*. It gave us a rise. We only wished we could find a girl to share our interest in profanity."

Many prepubescent potty mouths are female. Fran Hammerfine, a brunet, 36-year-old social commentator, was one such vile-tongued little girl. "My

mother was horrified," remembers

Hammerfine. "One afternoon, she overheard me conducting Barbie and Ken in a filthy conversation. Where had a ten-year-old picked up such language? Baby Franny knew the definition of *cocksucker, blowjob* and *cum-shot*. It nearly killed Mom. She was terrified that I would grow up to become a hooker, or a truck driver. Or both."

Hammerfine's attraction to the coarse vernacular blossomed in conjunction with her dawning awareness of the opposite sex. "I had two older brothers, both in their early teens, and they had a lot of friends. Boys at that age can't say three words unless a *fuck's* in the middle. I'd follow these guys

around and sneak up to listen without them knowing I was there. Then I'd go home and crawl under the covers with my big stuffed bunny. To this day, I have no desire to take a man seriously unless he can talk a blue streak."

When taboo-talking kids such as Bopper and Hammerfine reach adulthood, if they are lucky, they run into others of their ilk, and have sex. While screwing, these verbally aroused men and women are irresistibly tempted to yap trash. The results of eroticized wordplay in the midst of the very act can be highly beneficial.

Dr. Edgar Colonschoen, a Seattle, Washington, sex therapist who has been guiding couples toward shuddering climax for eight years, believes that an exchange of obscene endearments is almost as important as the handing over of bodily fluids. "The dialogue of dirt," posits Dr. Colonschoen, "encourages intimacy and emotional crossover between the two engaged in coital dialectic. Not only is the male's penis inserted into the female's vagina, and not only does the woman envelop the male's essential root with the fertile cloak of her vagina, but the erotic viewpoint of each partner penetrates the other's brain."

"I'd agree with the doctor," offers Jenna Slatt, a 29-year-old New Yorker, "if I could figure out what he's saying. I've been supporting myself as a peep-show girl for the past two years while working on my master's in journalism. Guys enjoy masturbating better if I talk nasty while they're jerking. Now, I apply what I've learned on the job in my home sex life. Screwing and screeching beats humping away in silence and wondering what the fuck is going on inside his head. Plus, I come better."

Dirty talk is not for everyone. "I met this guy," claims under-assistant prosecuting attorney Nora Quantico. "He seemed to be everything a man needs to be—an attorney doing quite well in entertainment law—but after we'd dated seven or eight months, he insisted that we sleep together. Well, naturally, once I agreed to go to bed with him, he wanted to have sex; so we did. He started making the most degrading, humiliating references to things such as genitals. It made what we were doing so much worse than it had to be."

Females are not alone in protesting lewd language from lovers. Brad Saddess is a middle-aged campaign strategist for one of our country's two most influential political parties. One night, in an effort to be open-minded, Saddess allowed himself to be seduced by a member of the opposition party. "Susan seemed awfully nice, despite her affiliation, but was I ever disappointed by her performance in the sack! As soon as we're naked, she starts moving all over the bed as if she can't control herself. Next, she's asking, begging and finally demanding that I perform certain acts upon her person that have until recently been statutory offenses in most jurisdictions. Though quite petite of bone and feature, Susan was adamantly vulgar in her tone and vocabulary. Finally, out of exasperation and revulsion, I asked, 'Do you eat with that mouth?' She replied in the affirmative, and attempted to take the action of engulfing my member.

"Some things it's common sense not to say. 'Stick me with that little dick.' 'Your tits are like a sow's.' 'I've got six quarts of Puerto Rican cum up my ass; why not add yours to it?' Use your head."

"Oh, no," I said. "I'm not putting my thing in there unless you clean it out first." We have not gone out again since."

Nora Quantico and Brad Saddess are freaks, sick with repression and self-loathing. For most healthy adults, dirty talk opens one more avenue to sexual arousal. Talking slop while in the soup is totally natural. Even monkeys, cats and birds jabber, whimper and whine while doing the dog. If these lower-order animals had the capacity to say, "Fuck me hard. Make me come. I want your cream on my tits," then that is what they would be saying.

Many professional health workers, including Seattle's Dr. Colonschoen, suggest dirty talk as a form of therapy to women who have a desire to overcome shyness or are attempting to remove a block to orgasm. Marcia Oppenbatten, an aerospace secretary in her early 40s, is a satisfied patient of Dr. Colonschoen. "My life had been overshadowed by my sexual frustrations," laments Oppenbatten. "I thought I'd tried everything. Divorce, black guys. None of it worked. Dr. Colonschoen pointed out that while I was getting fucked, I would be thinking, *I want to come! I want to come!* He suggested that I instead shout out loud, *I am coming! I am coming!* Maybe I'm easy, but the first time I tried it, the shouting did the trick."

Erotic audibles can add to and enhance any couple's sex life, even if they don't have a problem.

"My husband and I have a private vocabulary of words and phrases that have become special to us because we use them only in bed," confides Leslie Puffriam, a speech pathologist at an undisclosed Southern university. "Me and Bob live in a fundamental Baptist zone; so a lady just can't tell her husband right out loud in public that she's expecting him to give her a good fuck when they get home." Leslie and Bob have a trick. "One afternoon, we were getting it on, and Bob was licking my ass. Between slurps, he was telling me how much he loved my cinnamon Cheerio, then he slid his finger in there and told me how he was going to fit his cock into my cinnamon Cheerio, then he did just that. Now, we can be anywhere, and when I ask him if he remembered to get Cheerios for the morning, I can see his dick flexing in his slacks."

Experts agree that the call-and-response form of sex talk is generally the most effective in fanning the erotic flames of two people at once. A typical call-and-response sex talk might begin with the woman, speared and pinned on her back, rhetorically asking the man grinding into her: "Am I your favorite slut?"

The proper response to such a query is: "You are the best slut, the only slut I need." Any less specific reply may lead to discomfort-

ing questioning upon completion of the act.

Some degree of caution should be exercised when talking trash. For instance, never say anything that will be regretted later, such as, "I love you."

When initiating a round of raunch mouth, it is best to start slow and gauge the partner's reaction before moving on to the truly heavy artillery. Constance Riddenbed, a horse trainer from Upperridge, Connecticut, is an ardent proponent of profanity in the bedroom, but she paces herself. "I realize that some men are turned off by a woman using the vocabulary of a longshoreman. I break them in easy; maybe I'll just remark that seeing his balls tighten up makes my pussy wet. If his dick gets an extra throb when he hears that, I'll toss off another line—something about how I can't keep my hand off my clit when I look at him. If the guy's still with me, I start asking questions. 'Do you like my tits? Do you want to suck on my tits? Look at my ass. Let me see you look at my ass. Tell me what you want to do to me. You can do whatever you want to do to me.' You can guess how things go from there."

Ms. Riddenbed's success rate is high, but she admits there are some indelicacies that nobody wants to hear. "Some things it's common sense not to say. 'Stick me with that little dick.' 'Your tits are like a sow's.' 'I've got six

quarts of Puerto Rican cum up my ass; why not add yours to it?' Use your head."

A common pitfall to unskilled smut mouths is the running narration of events. If done correctly, the running narration has an effect that is to the ears what a mirror on the ceiling is to the eyes. However, if poorly executed, an ongoing commentary can come off as some guy trying to convince himself that he really is getting laid.

An example is in order: Todd is being lavished upon by Bridgette. As she tongues his turgid length, he tells her how good she looks doing it. He comments on the exquisite progress of her lips up his rod. He keeps the focus on her and how overwhelmingly sexy she is.

Chuck, on the opposing hand, is porking Rosie. "I'm pounding you, baby," he spouts. "I'm pounding you."

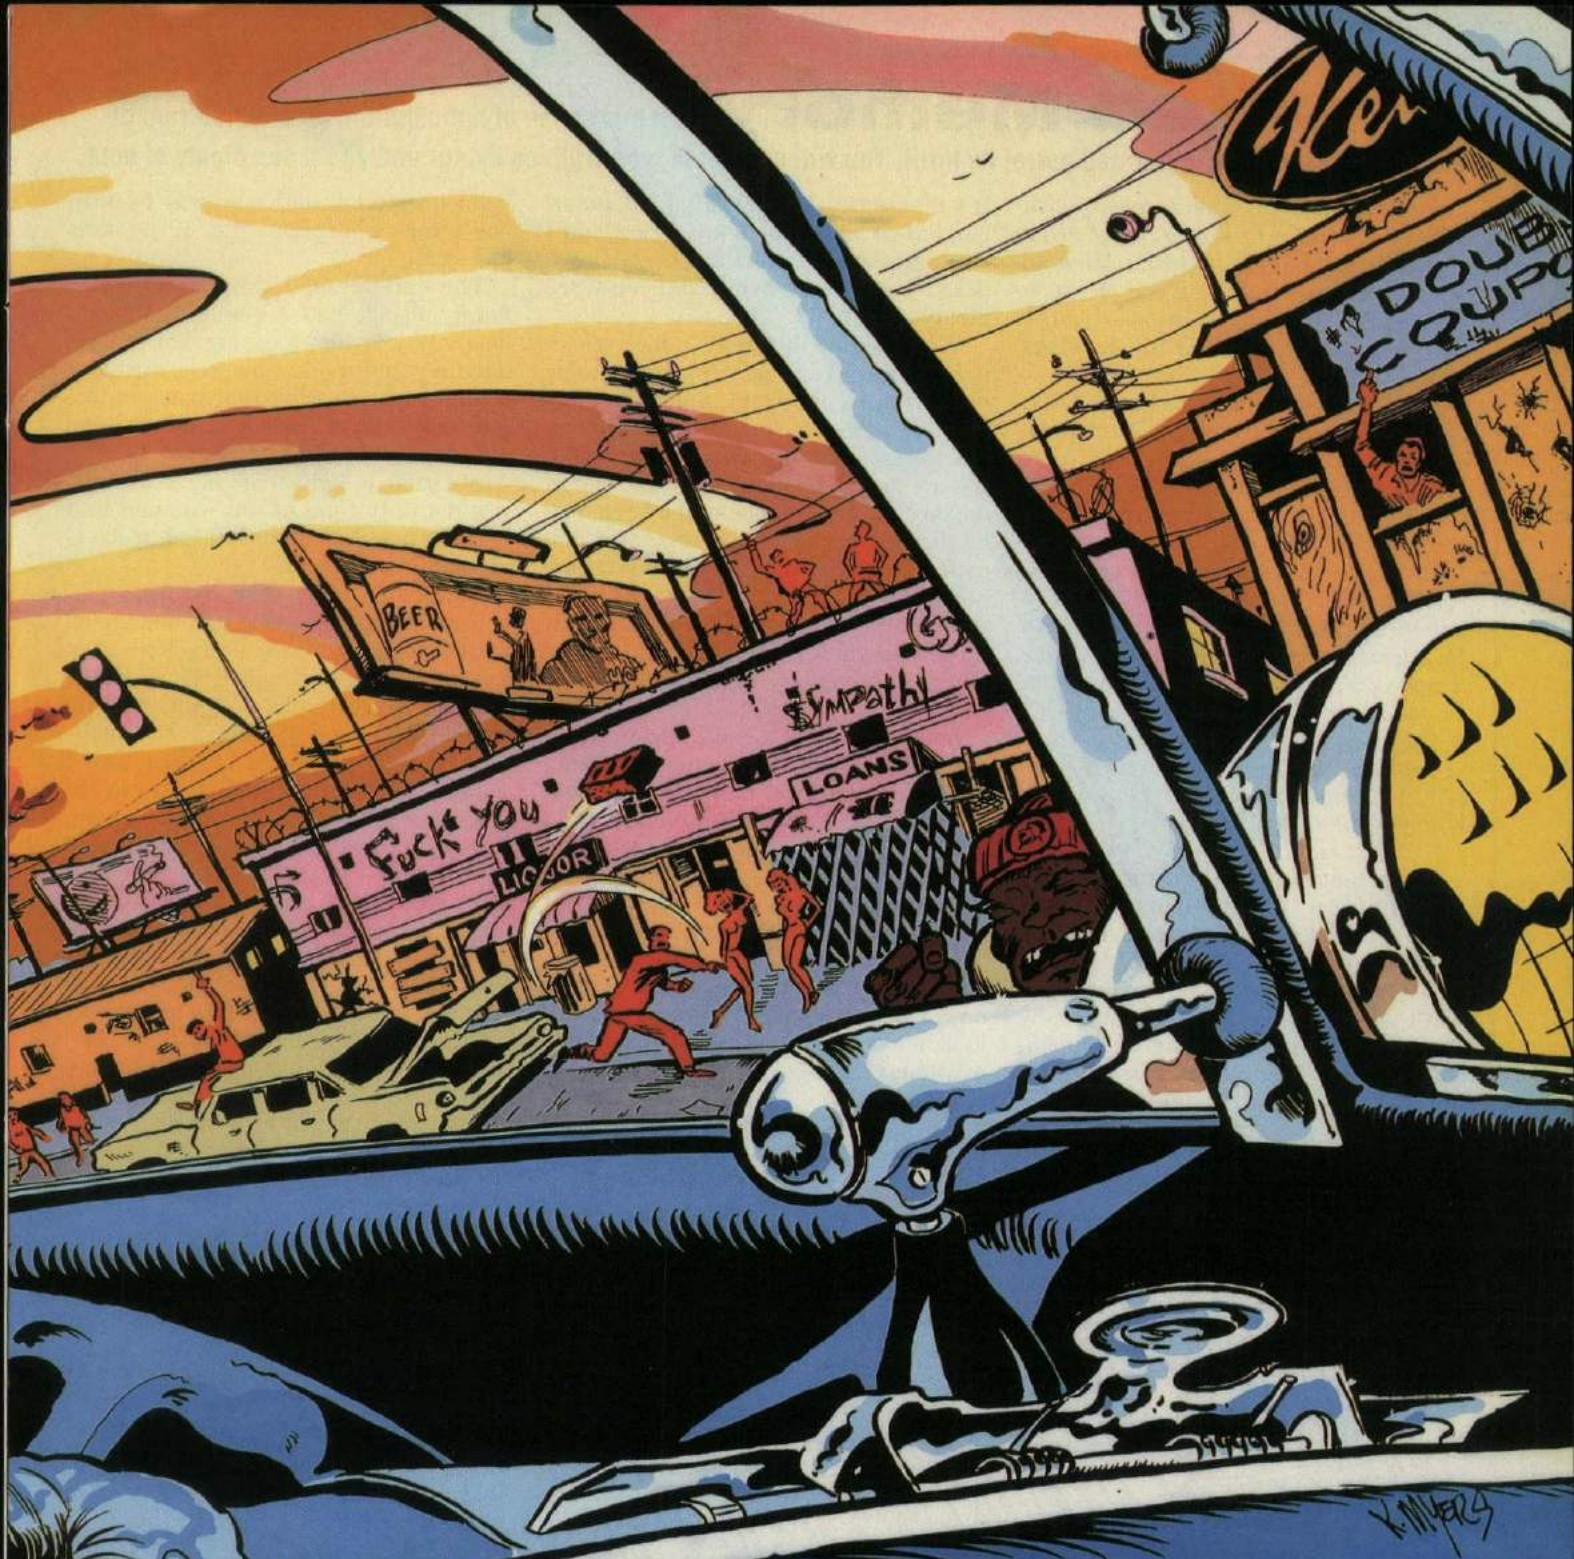

Rosie, meanwhile, is trying to concentrate upon the image of Jake from her parole court. She finds the image of Jake stimulating, but her vision of him is knocked from her head by the insistent "I'm pounding you" of this lard-bore Chuck. Subsequently, Rosie gives Chuck less than her best, and will not give him any more.

One last warning: If a person insists upon naming names during these nympho tirades ("Maurice, you suck my snatch so good."), the names had better be correct. 🐵

"No, Michael, I'm not interested in a threesome."

"...OTHERS YOU CAN'T FORGET"

AN LAPD COP LEARNS A HARD LESSON ABOUT DEATH

Remembrance by Michael L. Middleton ★ Illustration by Kent Meyers

After 20 years of witnessing, preventing and cheating it, death was just business as usual for Michael Middleton, a veteran uniformed police officer in one of Los Angeles's toughest neighborhoods. But as he reveals in this excerpt from his book *COP: A True Story* (Chicago: Contemporary Books, 1994), that all changed when he let down his guard and touched.

Haunted Memory

It's this sense of anticipation, an undercurrent of excitement that gives uniformed patrol its thrill. You will see death, you will see dying, and you'll see plenty of both.

For his first tour as a uniformed patrol officer with the Los Angeles Police Department (LAPD) in 1967, Michael Middleton was given a choice of beats. He picked Newton Division, a rough area in a city still shaken by the Watts riots of 1965.

In 21 years with the LAPD, Middleton battled gangs, cracked down on crack dealers and more than once stared down the barrel of a gun pointed straight at him, before retiring as a sergeant in 1988.

Death was an everyday part of police business in this urban war zone. After two decades, death didn't mean much to Middleton anymore—until he forgot the lesson of detachment, as he recounts in the following excerpt from his book *COP: A True Story*. (*COP* can be purchased by sending a check or money order for \$23.95 [postpaid] to *COP*, P.O. Box 133, Willow Springs, IL 60480.)

From the moment you put on that blue uniform, pin the badge to your shirt, get in the police car, and head out into the street, you know a lot is going to happen. You don't know when, you don't know what, you don't know how often, but things are going to happen, and you'll be there. It can't be avoided.

It's this sense of anticipation, an undercurrent of excitement that gives uniformed patrol its thrill. You will see death, you will see dying, and you'll see plenty of both.

We were told this in the police academy, and they didn't lie. Some guys know exactly how many homicide scenes they've been at. That's what they're called—scenes. It's all so impersonal. It's not the deprivation of life, the end of dreams, the end of hope or the beginning of despair for the survivors; it's just called the scene. I'm not sure how many homicide scenes I've been at, but it had to be more than five hundred. Some of them you can't remember, and others you can't forget.

South Park in Newton Division was a neighborhood that had come back from the 1965 Watts riots. The burned-out carcasses of buildings were gone, and a whole new generation lived there, but make no mistake—this was a poor neighborhood, with the same kind of poverty that helped spark the violence in '65. Just north of 52nd Street between Avalon and San Pedro were businesses and a few apartment houses that all looked like they came from the same set of plans. I'd worked other divisions,

been promoted, and now was back in Newton as a sergeant. One of my units had a call.

The call seemed simple enough: a family dispute with a cutting [stabbing]. Our problem this morning was in unit three on the ground floor of a two-story apartment house with four units on top, four units on the bottom. It was fall and still dark out at 5:30 a.m., but the sun was starting to lighten the sky to the east. It's the only time of day you can fool yourself into thinking that the air really is clean in Los Angeles.

I pulled up in front behind the ambulance and another police unit already on the scene. There wasn't any activity in the ambulance; so I figured it couldn't be much of a call—probably a minor family dispute with a small wound. The apartment door was partially open, and I walked into unit three. A couple of women were sitting in the front room, not saying much. Two paramedics and my officers were standing next to a closed door.

"Sarge, you're not goin' to fuckin' believe it. This guy stabbed both of his kids and split. The door's locked, and we're tryin' to figure out how to open it."

"I accidentally pulled the door shut, and it locked from the inside," a slightly embarrassed fire fighter volunteered.

"Where are the kids?" I asked.

"They're inside, Sarge."

"Well, kick the fucking door open! What are you waiting for?"

Bang! The door was opened with a single well-placed kick from one of my officers. I knew as we stood in the hallway waiting for the door to open that a horrible sight would be unveiled.

There were two beds in the room with clothes strewn about from the partially opened dresser drawers. A sliding closet door, also slightly open, revealed a mess typical of two young children sharing the same room. Nothing in its place, clothes thrown around, punctuated with a toy here and there, but no pictures on the walls, no pennants, no bright posters of cartoon characters—none of that. As I looked into that room, my worst fears were not realized; they were vastly exceeded.

A little girl was lying on her back in her flannel nightgown, resting in a pool of her own blood. Her throat had been slit, causing her to bleed to death while choking on her own blood. Her face looked so peaceful, belying her violent death. She appeared to be only sleeping, but she was dead.

Auburn-haired Teresa, on vacation in Thailand, should never have wandered out of the city alone. After trudging around for hours, she happens upon a tiny village.

"I'm lost," she announces to the first person she sees.

Kianna shakes her lovely raven head, not understanding.

Teresa, tired and exasperated, raises her voice. "I'm hungry," she moans, bringing her hand to her mouth and making a chewing motion. "And I have to go to the bathroom," she wails, rubbing her crotch.

Kianna nods brightly and lifts her skirt.

"Oh, well," murmurs Teresa, getting on her knees. "I did want to sample a native delicacy."

Haunted Memory

(continued from page 54)

To punish her, the husband had brought each of their children out and, in front of their mother, run a ten-inch bread knife across each of their throats.

On the floor, her two-year-old brother was moving. He was trying to get away and hide beneath the bed. His throat too had been slit, and he was sliding in his own blood. The sticky, sweet smell of it permeated the air the way it always does in close spaces where humans bleed to death.

I reached down, picked him up, and cradled him, as you might hold any small baby, but it was as if his neck was hinged. His head flopped backward, revealing a gash halfway through his throat, making his windpipe clearly visible. I immediately snapped his head forward to close the wound. It was frightening because blood wasn't going everywhere the way it should have. He wasn't breathing, not even trying. The paramedics quickly came over. I tightened my arms around him, holding him close to me. He didn't cry. He couldn't. He was moving ever so slightly, the kind of movement that gives you hope.

"Sarge, he's finished. He's dead."

No mistaking the air of finality in the paramedic's voice. In one of the few times I ever lost my temper, I screamed in his face, "He's not fucking dead till I say he's fucking dead—got it?"

"OK, Sarge, we'll try, we'll try." He seemed shocked by the tone of my

voice, but he and his partner started to work on the child again. I opened his neck, and the paramedics carefully threaded an oxygen tube down that small windpipe. No need to go through this little one's mouth because a direct path had been established by the bread knife lying on the floor next to us. Together the three of us ran to the ambulance.

It wasn't going to turn out right. The little boy didn't make it. In my heart I already knew that as I returned to unit three. The paramedics were right, and I was wrong.

We still had a crime to investigate, a suspect to catch, evidence to secure, notifications to make, witnesses to interview. Inside that room of death I stood by myself in the company of only the little murdered girl lying in her bed. I looked at her, and I couldn't stop my sobs. I cried, for the only time in my twenty-one-year police career. It just wasn't fair the way things were turning out. Those kids didn't have a chance. It wasn't right, and it wasn't going to be right. Not that morning, maybe not ever.

A family dispute had started it, probably over something very simple. I don't really know. The husband was a PCP dealer, and the wife told us later that in

her anger she had flushed a bottle of the drug down the toilet. To punish her, the husband had brought each of their children out and, in front of their mother, run a ten-inch bread knife across each of their throats. They must have looked up at him, trusting their father implicitly, and he returned their trust with death. He took the little girl back to her bed to die, but the little boy he threw down on the bedroom floor like trash that had no further use, just as he did with the bread knife; then he ran.

On the table was a family album filled with photographs. I asked the wife to remove all the photos of her husband. Taking the pictures outside, I asked the neighbors to help us find the man who had murdered his children. There was no hint of the usual attitude of "move on down the sidewalk, get back, there's nothin' goin' on here" this time. We needed their help, and help us they would. We wanted this guy, and we wanted him real bad. The neighbors did too.

Every person standing there took a picture and fanned out through the area. By now two additional police units were there, and we checked the immediate vicinity of the apartment house.

It seemed like only a few minutes before a young man came running back, so out of breath he couldn't talk. He pointed down the street, and I asked, "Is he over there?" He nodded. Officers and neighbors together began running down the street, following the youthful messenger.

We turned the corner, and two houses down on the left the boy stopped. Out stepped the suspect. He was easy to identify. Having seen several photographs of him, I knew he was the killer. My gun was drawn.

"Keep your hands out where we can see them. Come here slowly, down the steps. Come on, keep your hands up."

"You can kill me, motha-fucker, 'cause I ain't goin'."

I reholstered my weapon and told the officers to cover me as I went up the steps after him. Reaching him, I grabbed the murderer and extended my left leg as he went past me. He tripped and fell face first down the steps and onto the sidewalk. He tried to get to his feet to flee, and the fight was on. I seized him from behind and applied a chokehold harder than I have ever done. The absolute rage I felt blinded me. At that moment I really think I could have beaten him to death. It felt good having my arm around

Elizabeth tore off her blouse, exposing her nipples to the cruel sun. They were quite erect.

"Can't you see how much I want you?" she cried to Kevin, pinching the little pink bullets between her alabaster fingers.

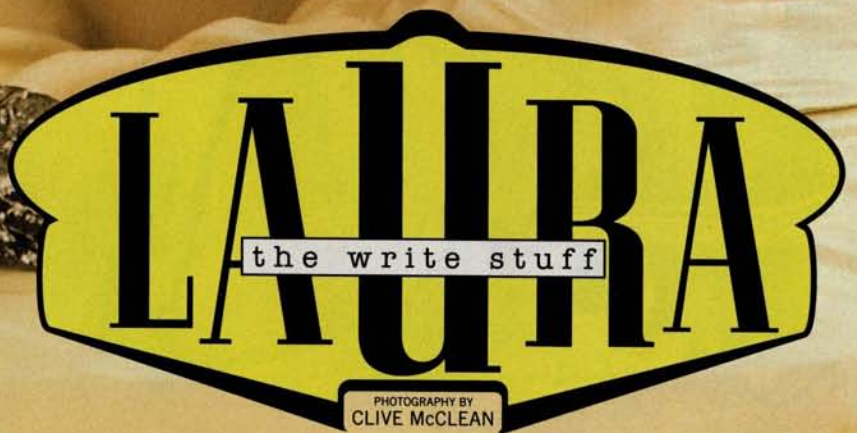

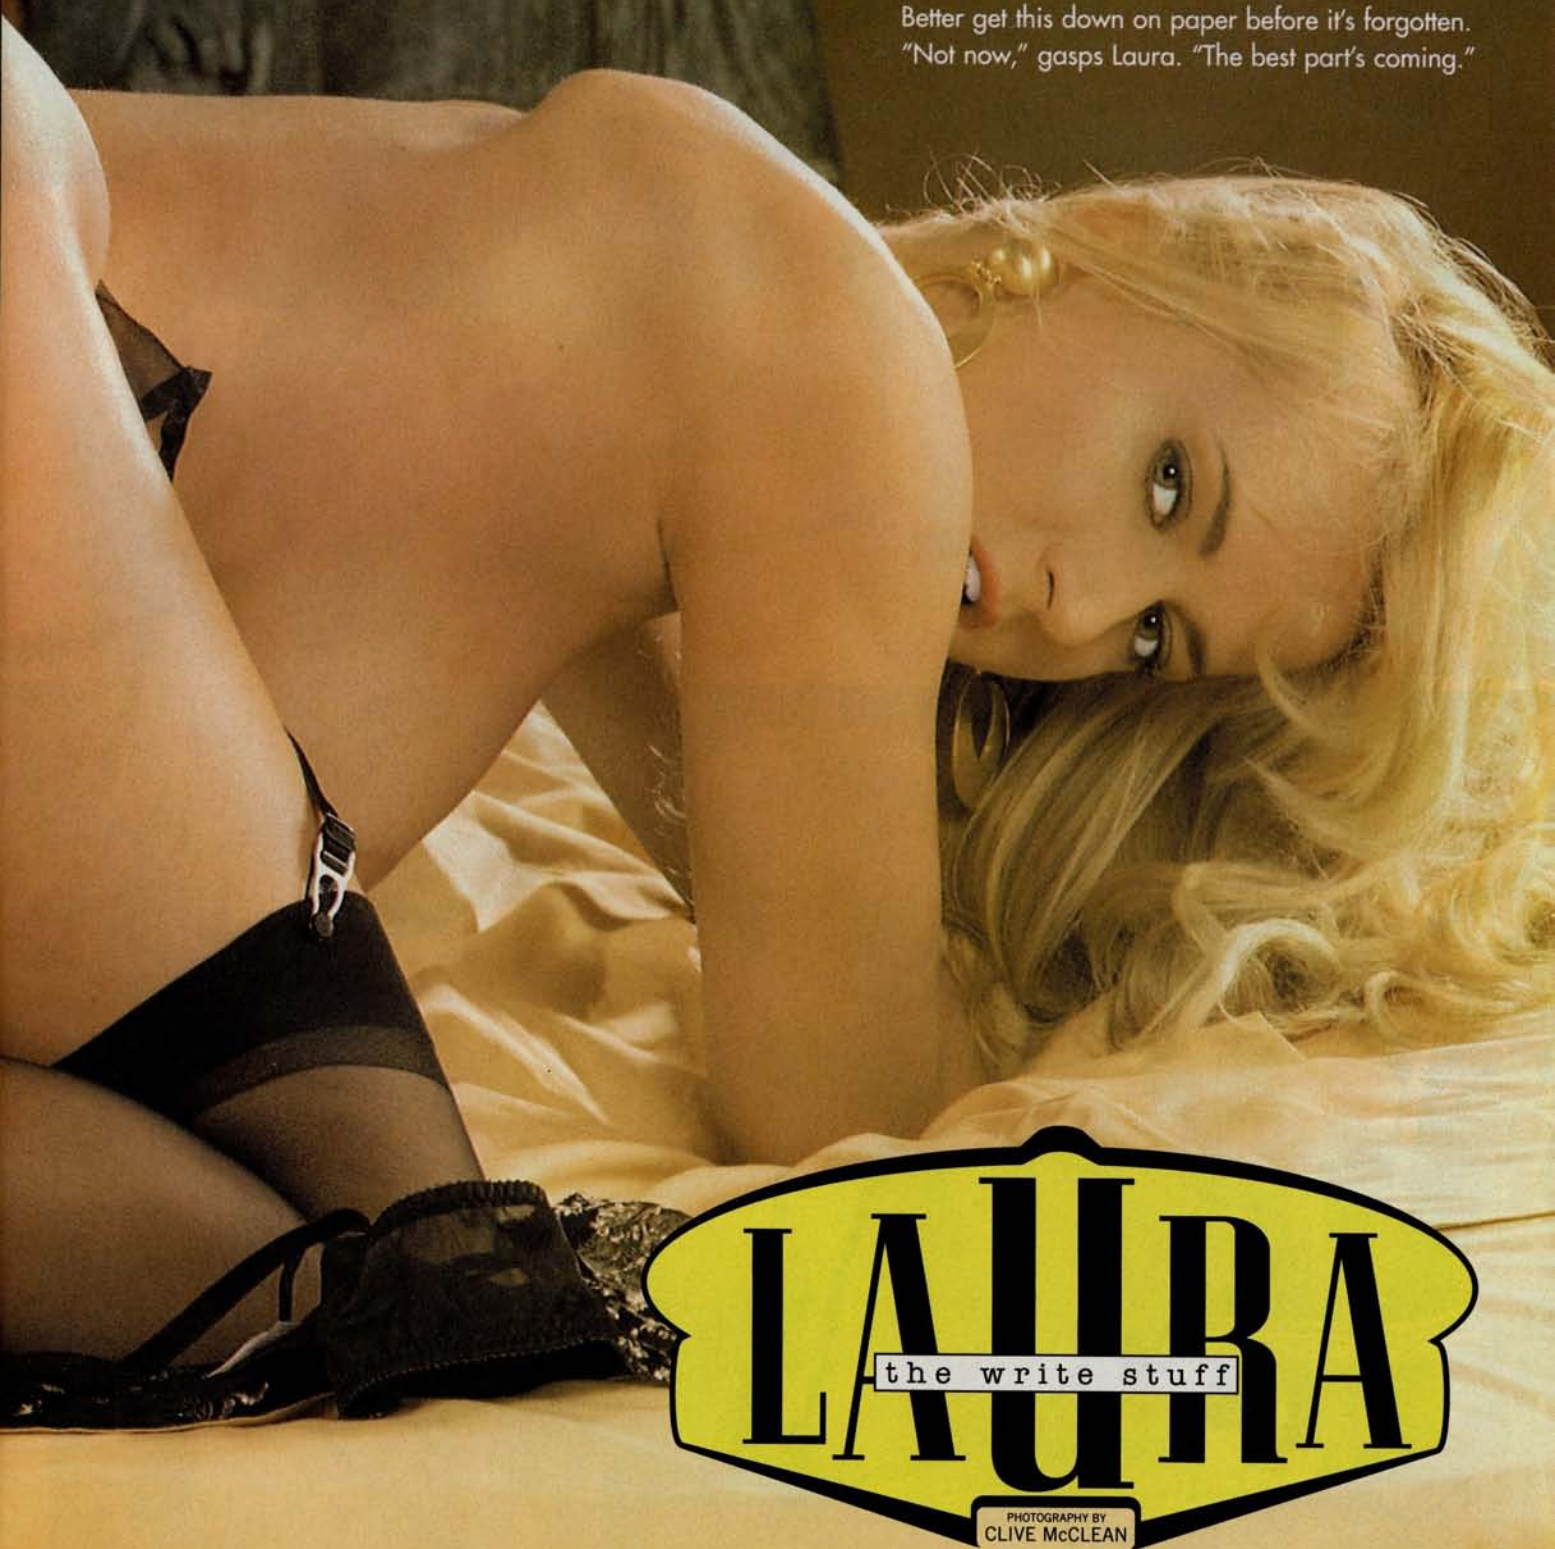

"Do you?" Kevin exclaimed, his manhood pressing insistently against the thin fabric protecting her jewel box.

"Maybe this will prove it," Elizabeth said, peeling off her panties. She parted her glistening sex lips, revealing the prize gem within, soft and tender as an overcooked spring pea. Elizabeth squeezed the tiny, pink pearl, which swelled and turned a rich, rosy shade.

"Let me help you with that," Kevin offered, digging two fingers deep into....

his neck, bringing him to his knees.

"Sarge, let go of him. Let go of him!" yelled a detective who had responded to the scene from headquarters.

I thought it meant I'd choked the father to death, so I let go, but the detective wanted his turn. He stepped up and booted the man in the face harder than I have ever seen anyone kick. The detective had just wanted to vent his own anger before I was finished. Then he shouted, "Get that motherfucker, Sarge!" I resumed the chokehold until the man was unconscious. It was with great satisfaction that I rolled him over onto his stomach to slap handcuffs on him.

He regained consciousness almost immediately; so we stood him up and began walking him down the street toward the police cars. An elderly man who had watched the excitement unfold said to the person next to him, "See, I tol' you. Just stay back. They knows how to kick ass."

Later at the hospital the detective approached me. "Hey, Sarge, do you think we'll get in trouble for whipping that guy?"

"Fuck no, not the way he was fighting, and that's the way I'm writing it up in my log." I had wanted to retaliate for the

little children who couldn't fight for themselves. Too bad he wasn't seriously injured.

I don't know if that was police brutality, and I don't really care. I never felt a second of remorse for choking that guy or for the kick delivered by the detective. I don't care what others think about what we did. They didn't hold that little boy. If he had given up initially, there would have been no fight, no matter how much I wanted it. It's hard to describe just how good it felt to choke him out cold, to even the score for those children in some small way.

The suspect was tried for two counts of first-degree murder with special circumstances. Special circumstance cases may lead to the death penalty or life imprisonment without possibility of parole.

After the preliminary hearing we lost special circumstances. The wife didn't turn out to be nearly as good a witness as the case needed. She changed her tune and began to support her husband's actions, saying it was her fault because she had angered him. Maybe it was because all evidence pointed to the fact that she sold dust (PCP) along with her husband, and she valued the family business more than her children's lives.

On one of her visits to her husband prior to the preliminary hearing, her conversation was recorded. A detective handling the case relayed part of that exchange to me. She and her husband were calmly discussing the murder of the two children when she said to him, "It ain't no thing. We can makes more babies."

For some months following the murders, I had a recurring dream. Each time, we'd be in the apartment house, and all the dialogue would be the same. We'd kick the door just as we had that morning, only this time my twin daughters, who were about the same age as the murdered boy, would be lying dead in the room.

Coincidentally, around this time there was an experimental program whereby the police department employed "station-house shrinks." These psychologists would work with police officers and citizens in the station or on the street. The doctor assigned to Newton Street was Ryan Gray. He really understood police work and the pressures placed on police officers. As a sergeant you were charged with escorting Dr. Gray when he worked your shift. One night I decided it was time to talk.

"Dr. Gray, I've got a question for you. Not as a sergeant, but as Mike Middleton, patient." I then told him about my dreams.

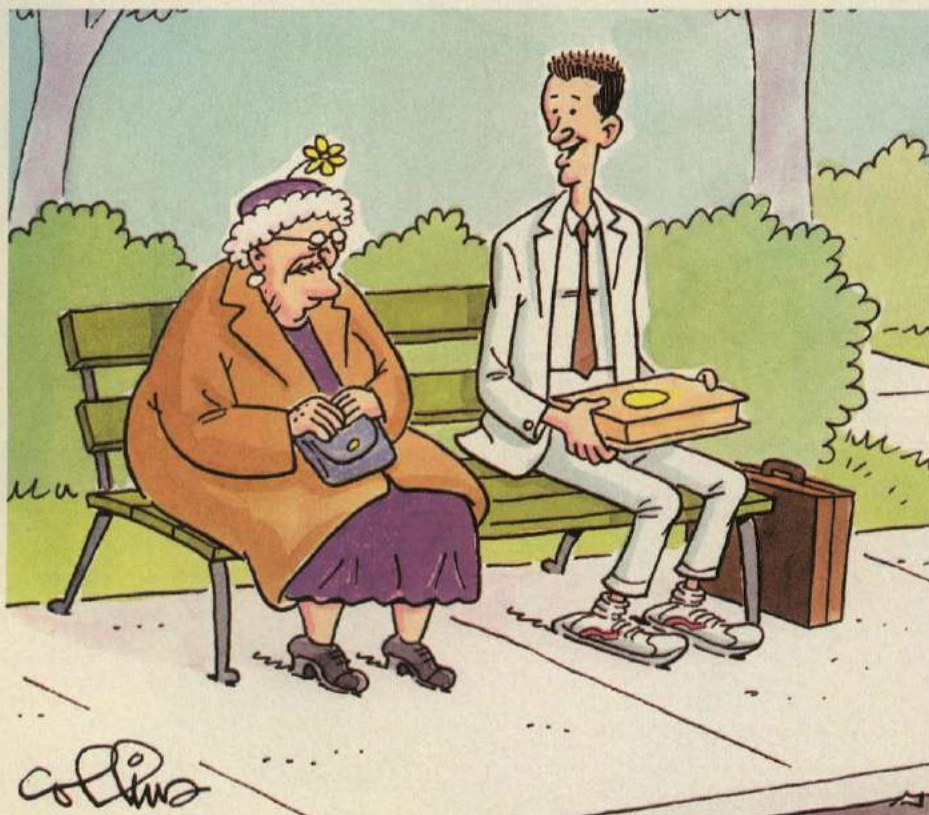

"How do you feel about it?"

"I don't want to have them anymore. I'm tired of it, and I don't understand why now, after almost 20 years on the job, something like this is affecting me."

"You've seen a lot, Mike, but you violated the rules this time. You touched, and when you touch, the shield you use to protect yourself comes down."

"What's worse," he asked, "thinking about what happened or what actually happened? If what actually happened is worse, then thinking about it is going to help. The mind can cleanse itself, but you've got to help."

He was right. That day, before I went to sleep, I thought about everything that had happened in minute detail. I let the memories wash over me without rejecting them. Finally, I fell asleep, really asleep. I never had those dreams again, but I'll always remember what caused them.

The Many Methods of Penis Enhancement

Cockeyed View by Bettie Rinehart * Illustration by Geoff Grahm

With surgery, vacuum pumps and the power of positive thinking, there's no limit to the heights a dick can reach. Following are just some of the things a man can do to make his penis the envy of all his friends.

Enhancement

The silicone would move around in the penis over the years, transforming a beer-can dick into a dick that looked like it had swallowed a Silly Putty doughnut.

When it comes to penises, most women are inclined to think that, like a blowjob, there is no such thing as a bad one. That hasn't stopped men from finding ever more inventive methods of enhancing their manhood, whether it's by increasing the length, changing the shape or attaching intercourse-enriching accoutrements. Following is a rundown of some of the steps the '90s man can take toward a more impressive member.

UNDER THE KNIFE, GLADLY

Surgical penis enlargement is big business these days. Over the past couple of years, as many as 8,000 men have had their wieners surgically beefed up, estimates Gary Griffin, president (and only non-medical member) of the Palm Springs, California-based American Association of Phalloplasty Surgeons (AAPS) and publisher of the *Penis Power Quarterly*.

Despite the high cost of surgery—up to \$6,000 for a lengthening-and-fattening package deal—and in the face of potential risks such as nerve injury, embolism and inhibited erections, the demand for augmented dongos has created six-month waits for the scalpels of some cock docs.

"I had one guy in his 20s come in,"

says Dr. John Gregory, urologist at the Institute for Sexual Medicine in St. Louis, Missouri. "He wanted me to put steel pins in his penis that could be separated over time to stretch out the organ! That's crazy."

Dr. Gregory primarily treats traditional sexual disorders such as infertility and impotence, but he has performed a number of the cosmetic procedures—even though he believes that too-short penises are "almost always a perceived problem in men, not an actual one."

But, he says, "Once people want to do this, you can't talk them out of it. You just have to make sure nothing goes wrong."

David Bonfanti, the 24-year-old owner of a home-improvement business in St. Louis, Missouri, had "a good inch" added to his penis two years ago. Like many men who opt for surgery, he fell within the statistically average range: from four to six inches flaccid; five to seven erect.

"It wasn't that I thought I needed it," he offers. "I just thought it would be nice to have more. You feel better about yourself. I'm sort of a shy guy anyway; so it gave me more confidence."

Penis lengthening has been performed for more than 40 years for medical rea-

sons, such as rectifying retracted or deformed penises, but only recently for purely cosmetic purposes. The standard procedure is to cut part of the penile suspensory ligament away from the pubic bone. Because almost half of the penis is inside the body, cutting the ligament allows more of the schlong to hang outside. Despite wishful thinking, one inch is the most anyone can expect to gain from a lengthening operation.

"You are not going to come out of an enlargement with three extra inches," *Penis Power Quarterly's* Gary Griffin states flatly. "If someone tells you otherwise, they are lying. The average length gain is about an inch, but some men don't get *that* much. If you choose the wrong doctor, or don't follow the post-op directions, you can even end up with a *shorter* penis, because the scar tissue will retract it."

David Bonfanti admits that the goals of penis surgery can have very little connection to reality, but that doesn't stop men from hoping.

"I think if you asked most guys if they wanted a bigger penis, they would," he asserts. "It's an American thing—like with women and their breast implants. You want to have the biggest breasts or the biggest penis."

"I'm happy with the operation," he adds. "I got what I wanted."

* * *

Penis widening used to entail a trip to a Tijuana clinic for penile silicone injections. The results were not pretty. The silicone would move around in the penis over the years and concentrate at the center, transforming a beer-can dick into a dick that looked as though it had swallowed a Silly Putty doughnut. The procedure was very expensive to undo.

That changed in 1990, when a Miami plastic surgeon, Ricardo Samitier, Jr., developed a penis-fattening procedure called Circumferential Autologous Penile Engorgement (CAPE).

Dr. Samitier's technique entails sucking fat out of the patient's abdomen, butt or thigh, then reinjecting it into the penis, where the doctor massages it into an eye-catching shape. One patient swears that he can now wear his wife's wristwatch around his distended dick.

Despite its growing popularity, CAPE has sparked negative commentary from the medical community. Doctors have claimed that, because the injected fat cells are broken up, there is a high reabsorption rate of the fat back into the body. Some say that there is also an

Vince beats Shelby at chess every time—but today she's got a new gambit.

"It's warm in here," sighs Shelby, wiggling out of her panties just as Vince moves his Knight. "*Oob*, you're slipping, Vince. My Rook was wide open."

She handily captures his Bishop, and Vince ponders his next move.

"I'm so *hot*," she pants, pulling off her dress. "*Tsk, ts*k. You've made yourself very vulnerable, Vince."

Shelby moistens a finger and moves her Queen.

"I've already got you in check," she crows. "Do you think you can get out of it?"

Vince knows when he's been captured. But he comes out a winner anyway.

Enhancement

To Dr. Gregory, the fat-injection technique makes no sense. "It's the equivalent of putting a hot dog in a big bun," he says. "You've got this big, fluffy penis hanging there."

occasional tendency for the injected blubber to form cysts on the penis.

Fat-injected phalluses can be aesthetically flawed as well. The head of the penis cannot be enlarged; so if the patient has a particularly small one, it can look rather bizarre perched atop the bloated shaft.

To Dr. Gregory, the fat-injection technique makes no sense.

"It's the equivalent of putting a hot dog in a big bun," he says, exasperated. "The fat is injected into the surface of the penis, covering the sensory nerves; so you've got this big, fluffy penis hanging there. The fat can calcify, and you end up with a lumpy, bumpy penis."

Lance White, a 44-year-old Los Angeles, California, accountant who was lengthened and widened last year, says that he was ecstatic about his new jumbo-size penis, but unprepared for the surgery's downside: scarring, a painful recuperation and the rapid disappearance of his new girth.

"Immediately afterward," he recalls, "[sex was] much more erotic. Unfortunately, most of the fat was reabsorbed after a month. I felt inadequate. I had gotten used to having [the extra girth]."

"But in that brief window of opportu-

nity I had before it all went away," he adds on a positive note, "I managed to have a few encounters, and people would say, 'Gee, you're really big!' It's pretty thrilling to have somebody compliment you on your anatomy." (For a personal account of White's ordeal, including before and after photos, call 1-800-609-HUGE.)

Fat injection may not be the answer to pencil-dicks' prayers, but there are some new, possibly improved, procedures on the horizon. One of them, the dermal fat graft, involves snipping open the penis and laying in strips of fat harvested from the buttocks. Because the strips keep the fat cells together, the fat is supposedly less traumatized than it is when injected, and thus reabsorbs at a much slower rate.

Currently undergoing FDA approval, according to Griffin, is an implant made of silicone mesh ("the safe kind used in reconstructive surgery") that can be inflated with saline. The implant was developed by a Beverly Hills plastic surgeon who, Griffin says, "has also developed a testicular prosthesis that will double the size of the balls."

* * *

Many men have a more utilitarian reason for having their wangs surgically modi-

fied: Their boners need a boost. With a penile implant, the impotent man is never limp again.

Urologist Dr. James Elist of Beverly Hills, California, has been performing implant surgery for 15 years. He is one of many surgeons who perform the operation with 100% efficiency—including in his most famous patient, HUSTLER Publisher Larry Flynt, whose cock was keelhaunched by the spinal-cord injury he sustained when shot.

There are two types of implants. The more common, more affordable (\$3,000 to \$5,000) device is a semirigid rod of silver and silicone. Once the rod is in place, the penis remains rigid, but can be bent to conform to the body's needs.

The other, more expensive (\$6,000 to \$10,000) implant consists of two hollow cylinders inserted into the shaft and a tiny pump sewn inside the scrotum. When the pump is pressed, saline flows into the cylinders, and the penis vaults skyward. Dr. Elist calls it the "Rolls-Royce" of implants, and at least one satisfied customer agrees.

"Once it goes up," raves Larry Flynt about his deluxe pump, "it doesn't come down until I take it down."

PUMP IT UP!

A popular, noninvasive alternative to surgical pole expansion is vacuum pumping. Bodybuilders and jocks who want to sport sizeable members next to their hulking muscles, as well as recreational pumpers who simply want to show off a big basket for the weekend, are finding that suction fulfills their needs.

Used by doctors for years to treat impotence, the pump, available in both manual and electric versions, consists of a clear plastic cylinder that goes over the johnson to create a vacuum, engorging the penis, stressing out the individual muscles and letting them rebuild into stronger, larger muscles. Gains in length and especially girth can be exciting for a couple of hours until the penis shrivels down again. A Florida psychologist who started pumping to overcome his impotence after a stroke claims to gain a rather phenomenal, but temporary, six inches when he uses his vacuum pump.

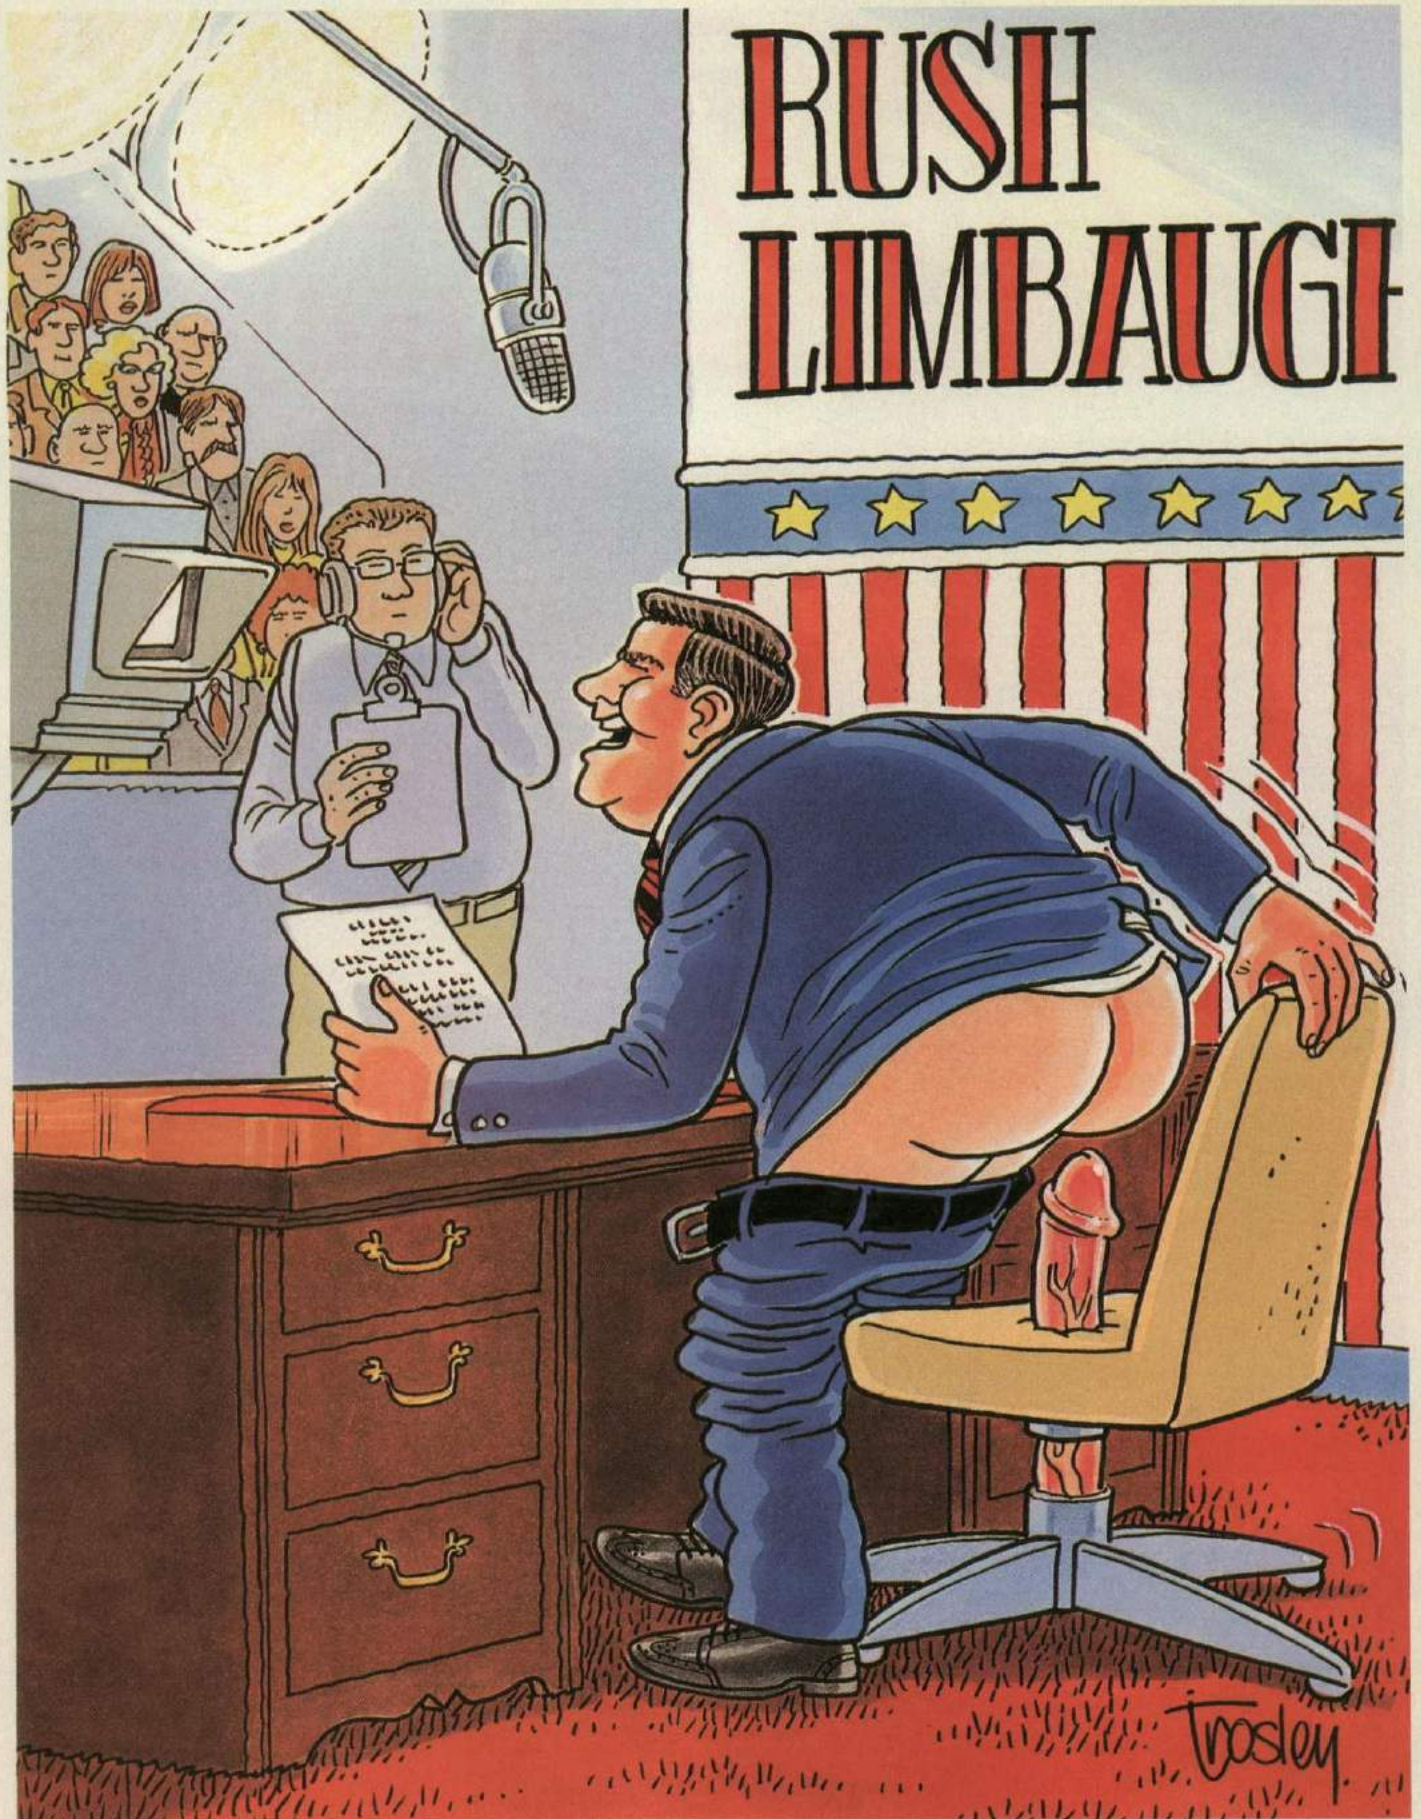

With prices ranging from \$150 to \$300, pumps are a bargain compared with surgery. They've become so popular, there are even pumper's clubs and newsletters.

Dr. Joel Kaplan, a clinical psychologist and sex therapist in San Francisco, has been selling his custom-made vacuum

Mr. Jones received a phone call from the police department.

"We're calling about your son," Officer O'Malley informed him. "I've got some good news and some bad news."

"Give me the bad news first," Mr. Jones said, bracing himself.

"Well, the bad news," O'Malley revealed, "is that your son was walking the streets dressed up as a woman, then fooling men into paying him to perform oral sex on them."

"What on earth is the good news?" Mr. Jones wondered.

"The good news," the policeman replied, "is that your boy was murdered."

Question: What do you call a black hitchhiker?
Answer: Stranded.

While vacationing in Hawaii, lucky Ted slipped behind some bushes with a sexy native girl.

Suddenly, the nubile broke away from Ted, and launched into a hula that culminated with her urinating on Ted's feet.

"Hey!" Ted exclaimed. "What's the idea?"

"That's a tradition," the dusky honey answered. "We call it: 'Rain of the Islands.'"

She continued dancing, then bent over and cracked a loud, stinking fart in Ted's face.

"That," the girl stated, "is 'Wind of the Islands.'"

Disgusted Ted got up, and turned to walk away.

"Where are you going?" the disappointed lass called.

"Away from here," Ted frowned. "I can't fuck in this kind of weather!"

Question: How do you make six pounds of fat look attractive?

Answer: Put a nipple on it.

Tony ambled into a bar, and noticed a bucket behind the counter filled to the brim with cash.

"Is there a contest on to win that dough?" Tony asked the bartender.

"Yep," the barkeep responded. "It costs \$50 to enter, and then you have to do three things: First you've got to knock out Spike, our 300-pound bouncer. Then we've got a pit bull out back with an abscessed tooth, and it's up to you to yank it out. Finally, the 90-year-old lady who owns this place is upstairs. If you can give her a multiple-orgasm, all the money's yours."

Tony was up for it. He paid the fee and approached the hulking doorman. With a single blow, Tony knocked Spike cold.

Triumphant, Tony stormed into the bar's backyard. The patrons listened to the pit bull's ferocious bark for several minutes, which was followed by a series of hysterical yelps.

Covered with nicks and scratches, Tony reentered the saloon and yelled: "Two down! Now where's that old broad with the abscessed tooth?"

Question: What do you call a Polack in a \$500 hat?
Answer: Pope.

WAS THE "STAR WARS" DEFENSE PROGRAM A COVER-UP FOR ELECTROMAGNETIC MIND-CONTROL RESEARCH?

REPORT BY ALEX CONSTANTINE * ILLUSTRATION BY ROBERT JEW

In 1983, U.S. President Ronald Reagan launched the Strategic Defense Initiative (SDI), a program that was created to develop space-based, nuclear-powered, missile-defense weapons—but that instead resulted in years of faked tests, millions of dollars shifted to secret programs and the still-mysterious deaths of 22 SDI scientists. Add to that mix SDI's incongruous connections to medical and electronic technological research, and the question remains:

WHAT WAS THE TRUE PURPOSE OF STAR WARS?

Star Wars

Ostensibly a program to develop space-based, nuclear-powered missile-defense weapons, Star Wars is to this day cloaked in mystery, raising questions about the program's true purpose.

In 1976, William Bise, director of the Pacific Northwest Center for the Study of Non-Ionizing Radiation in Portland, Oregon, demonstrated that the irradiation of four of his human subjects in an electromagnetic field of 65-90 microvolts per meter caused impairment of memory and concentration.

According to Paul Brodeur, author of *The Zapping of America*, the Pacific Northwest experiments were a small part of a sprawling research effort conceived by the U.S. Department of Defense (DOD) toward the development of an arsenal of electromagnetic (EM) weapons—often sweetened in public by military spokesmen as “non-lethal.”

The biological effects of low-intensity EM radiation are often scarcely more than an annoyance, as was the case with the “Taos hum,” a baffling low-frequency vexation first reported in 1989 by residents of northern New Mexico. At the time, scientific investigators were unable to explain the low-pitched rumble, which was blamed for a sudden outbreak of headaches, nosebleeds, dizziness and general feelings of discomfort. A few years later, it emerged that Los Alamos Labs in Albuquerque had in development EM weapons capable of producing the same effects.

But “non-lethal” EM weapons are potentially no more humane than the conventional type. Nationally syndicated columnist Jack Anderson mused in 1985: “Can the human mind be short-circuited or even destroyed by extremely low-frequency radio waves? Preposterous as such an idea may seem, scientists on both sides of the Iron Curtain have been conducting secret tests. Reputable scientists say they could be developed into yet another grisly weapon of mass destruction.”

Brain researchers told Anderson that U.S. and Soviet scientists were close to perfecting a mechanism that interferes with the electrical signals of the brain through remote transmissions of EM radiation. “This interference,” Anderson reported, “could extend to ‘switching off’ the brain’s vital functions—that is, killing the targeted victims.”

But scientists were testing the potentially devastating biological effects of EM radiation much earlier than Anderson’s sources let on. In the mid-1960s, for instance, State University of New York professors Howard Friedman and Robert O. Becker—the latter a Nobel laureate—and Charles Bachman, a physicist at Syracuse University, studied the effects of EM radiation on 28,642 patients at seven veterans’ hospitals.

In 1965, the Pentagon’s Advanced Research Project Agency set up Project PANDORA, the top-secret search for military applications of microwaves, wrote Brodeur. Seven years later, the Army issued a classified report, noting: “It is possible to field a truck-portable microwave barrier system that will completely immobilize personnel in the open with present-day technology and equipment.”

And in 1983, the United States, under President Ronald Reagan, launched the Strategic Defense Initiative (SDI)—popularly known as “Star Wars.” Ostensibly a program to develop space-based, nuclear-powered missile-defense weapons, Star Wars is to this day cloaked in mystery, raising questions about the program’s true purpose.

* * *

In early 1993, Aldric Saucier, a scientist for the Army’s ballistic defense command with long experience in space research, complained to the House Government Operations Committee that Star Wars was characterized by a chronic diversion of funds. He estimated that as much as *half* of the entire SDI budget had disappeared into classified projects.

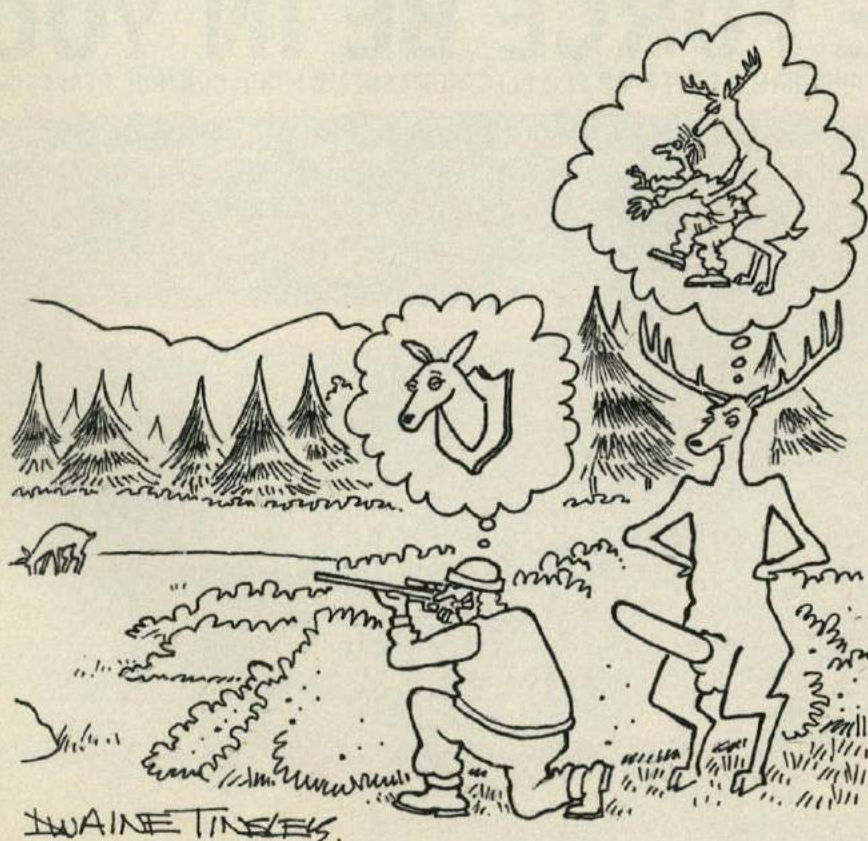

“Millions of dollars in research awards were shifted from one program to another,” he testified. According to Saucier, participants in the covert research and development effort even spoke in code words, referring to the diversions as “taxes” or “IOUs.”

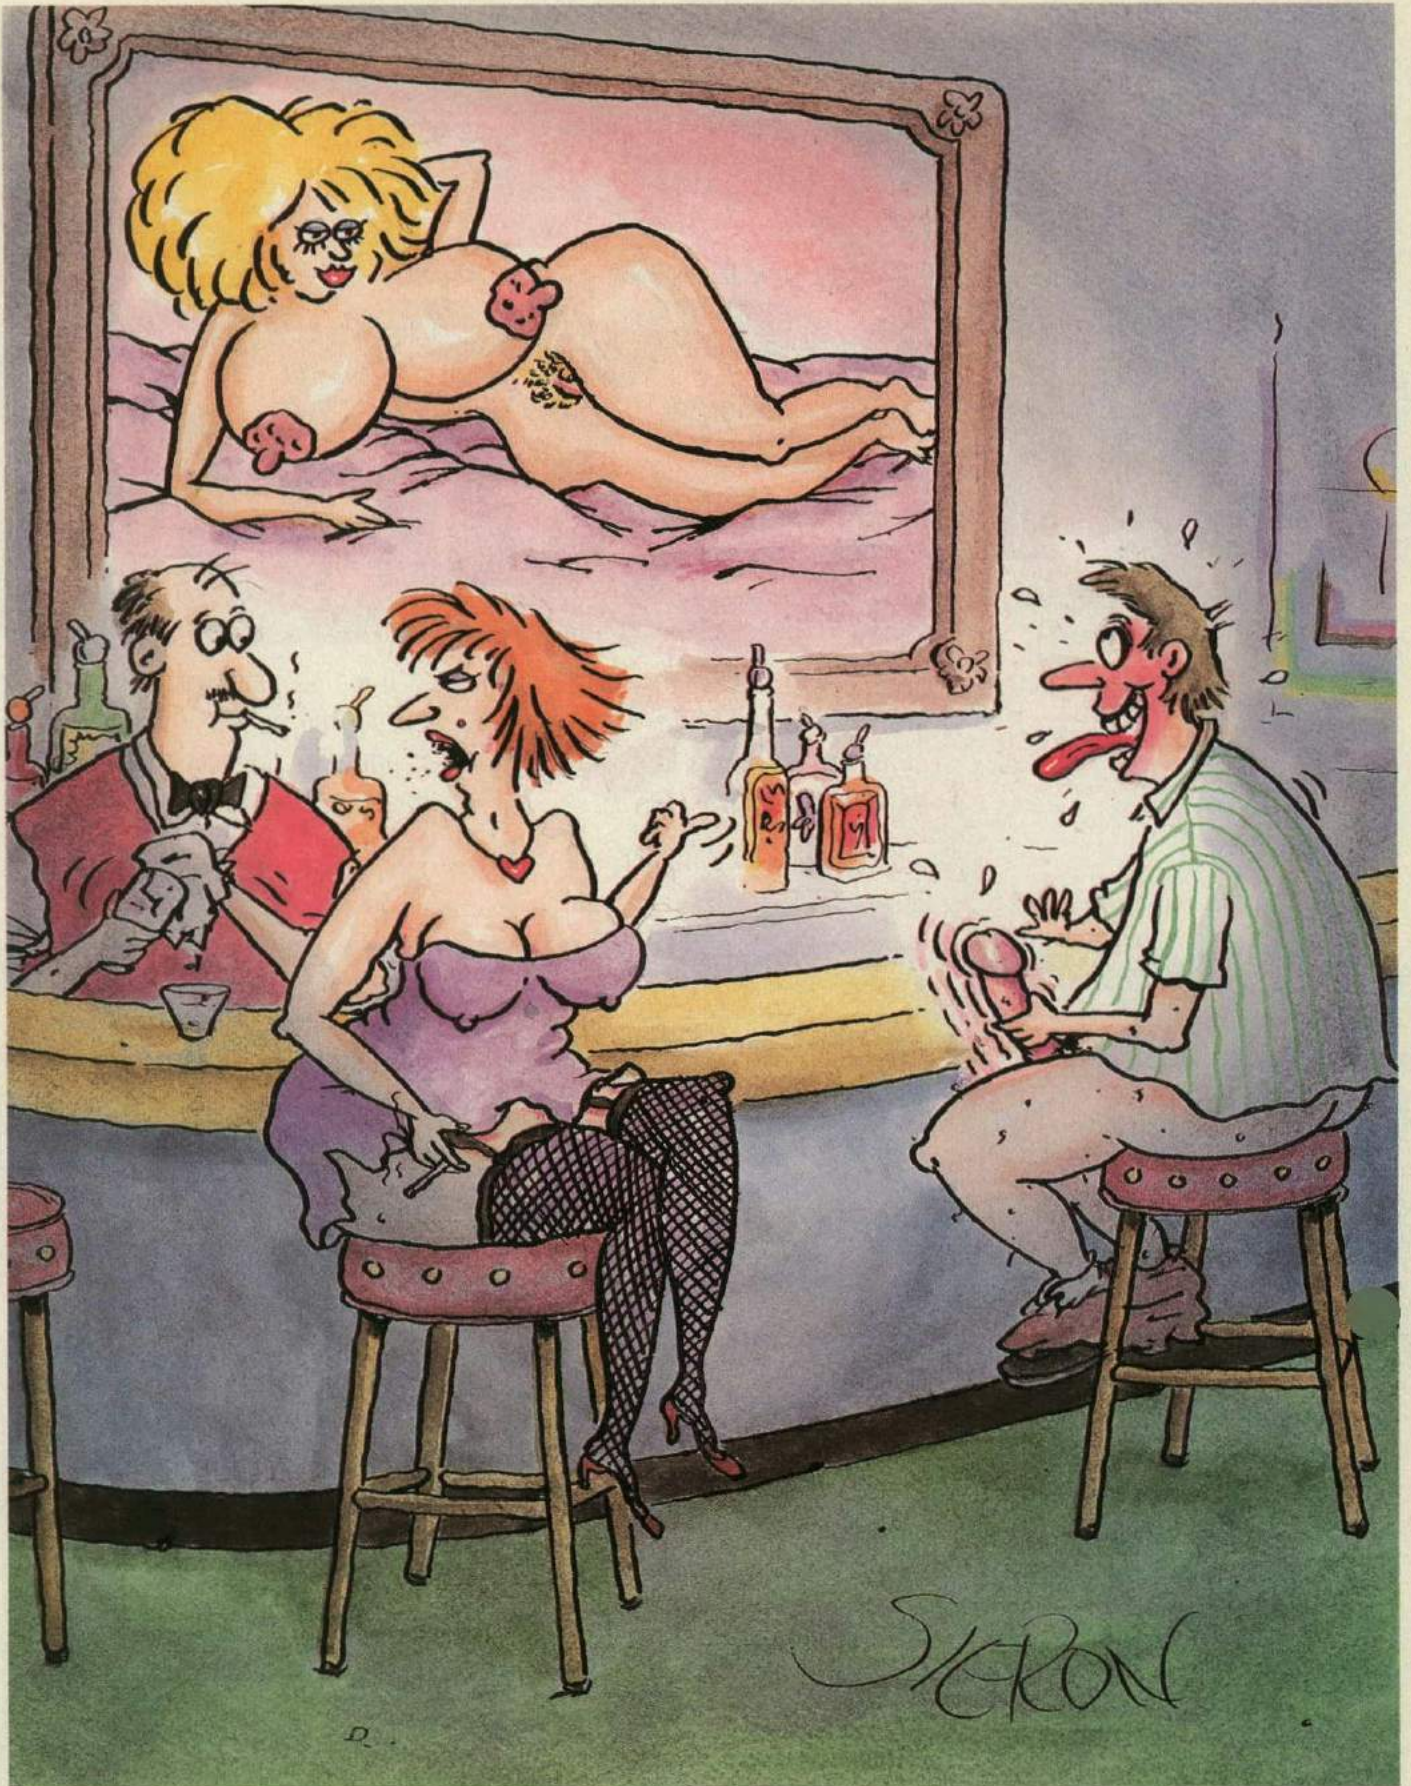

Saucier summed up SDI as a “high-risk, space-age national security pork barrel for contractors and top government managers” and a “serious obstacle to a strong national defense because of systematic illegality.” He complained of egregious abuses of power and “the substitution of political method for the scientific method.”

Saucier’s blast at Star Wars appeared in the *New York Times* on March 9, 1993. He blew a shrill whistle alerting the public to the “hundreds of millions diverted to secret programs.” Yet Congress was convinced that the funds had been used as directed.

Corporate shuffling behind SDI reveals how key defense firms quietly merged to combine the fields of microwave technology and biology. A case in point is the move by the powerful Italian corporation Fiat into the American circle of competition for SDI contracts. On September 25, 1986, Deputy Assistant Secretary of Defense John Maresca wrote a memo to Richard

"There's so much racial strife in the world," laments civil-rights activist Shannon. "Why can't blacks and whites get along?"

Her dusky face flushes with righteous fervor.

"If we all just took our clothes off and fucked as many different people as possible," she declares, "the colors would get so mixed up that no one would be able to tell who was what. We'd all live in harmony."

Come on—would that really work?

"I don't know," shrugs Shannon,
"but I'm willing to do my part."

The falsified test data was submitted in closed briefings to Congress, bolstering the case for more spending on strategic defense. Congress was ultimately persuaded to spend \$30 billion on SDI.

Perle, then assistant secretary in charge of international policy, about legal papers drawn up a month earlier setting up "the Fiat Trading Company of North America as Fiat's sole conduit for doing business with DOD," an accord "sufficient to allow Fiat and its subsidiaries to compete for SDI research contracts."

Fiat pinned its hopes for Star Wars contracts on a company it partially controlled: SNIA, a powerful, Italian munitions, rockets, chemicals and textiles conglomerate that was also involved in making sophisticated electronic guidance systems. To obtain definitive control of SNIA, Fiat, rather than purchasing 87 million shares of the company for Lire 600 billion cash, "sold" SNIA one of its subsidiaries, valued at Lire 376 billion, in exchange for the shares.

SNIA, operating at an apparent financial loss, gained 100% of the subsidiary—Bioengineering International BV, a Dutch medical technology firm—and Fiat boosted its control of SNIA by 16%.

The multi-billion dollar question is this: What does a space-based, anti-ballistic defense system have to do with biotechnology?

The Fiat-imposed melding of Bioengineering International and SNIA was altogether inconsistent with space-

based defense—but it would not be out of keeping with an EM weapons program.

"SDI was such an obviously flawed and perilous idea," wrote Mark Hertsgaard in *On Bended Knee*, "that it provoked considerable unease among influential members of the American academy, Congress and foreign-policy and arms-control communities.... A survey of National Academy of Science members found top scientists opposed to SDI developments by an eight-to-one margin."

To quell opposition, Star Wars officials reportedly falsified research data. Four anonymous officials of the Reagan administration admitted in August 1993 that the deception was approved by then-Secretary of Defense Caspar Weinberger, according to the *New York Times*, "to persuade the Soviet empire to cripple itself with debt."

After three tests of an interceptor missile failed, the officials claimed, a fourth test was rigged in June 1984, supposedly to fool the Kremlin. But it was clear in an account given by one of the officials that fudging test data was not strictly an economic warfare gambit.

"We would lose hundreds of millions of dollars in Congress if we did not perform [the test] successfully," the scientist told the *New York Times*. "It would be a

catastrophe. We put a beacon with a certain frequency on the target vehicle. On the interceptor, we had a receiver. The hit looked beautiful, so Congress did not ask questions."

The falsified test data was submitted in closed briefings to Congress, revealed the officials, bolstering the case for more spending on strategic defense. Congress was ultimately persuaded to spend \$30 billion on SDI.

John Tirman, a director of the Winston Foundation for World Peace (WFWP) and an SDI critic, responded to the revelations in the *New York Times* article by declaring in an editorial that the entire program was a "hoax."

Tirman wrote: "The very idea of 'Star Wars'—an 'umbrella' that would shield America from Soviet nuclear warheads—was itself a massive deception. No knowledgeable scientist thought for a moment that such a shield was feasible. Yet the Pentagon proceeded with this fraud as if Reagan's fanciful notion had merit. What's more, other faked tests followed in 1990 and 1991, after the Soviet 'threat' had disappeared."

Five years earlier, the lofty Edward Teller, founder of Lawrence Livermore National Laboratory in California and the father of the H-Bomb, had also come under scrutiny. Livermore had been a central participant in SDI since September 1982, when Teller suggested the laser shield concept to Reagan. (Teller had coincidentally received 40,000 shares in a company engaged in laser research, later found to have defrauded investors.)

In 1988, investigators from a score of federal agencies and Congressional offices searched the Livermore premises and interviewed staffers.

"For the first time in the lab's history," the *Los Angeles Times* reported, "key members of its leadership have broken ranks and gone public with tales of internal disarray."

Roy Woodruff, formerly the director of Livermore's nuclear weapons program, accused Teller of deceiving Washington and the public with false information on the space-based X-ray laser known as *Excalibur*—the so-called centerpiece of the Strategic Defense Initiative.

"[Excalibur] was an anti-SDI weapon," Woodruff emphasized. "It [had] little potential for actually defending against ballistic attack. It just wasn't that capable a laser."

Because Excalibur's function was to produce a single laser beam per nuclear

pumps for about three years. He originally developed his pump as a "therapeutic device" for his patients, and sees the pump as a nearly risk-free alternative to surgery.

"The statistics show that 50% to 75% of people who undergo surgery are dissatisfied with it," maintains Kaplan, "and the complications can be disastrous. Any side effects from pumping are temporary. For instance, some people overpump, which can cause little blisters or red dots on the penis head."

Northwest Pumpworks (503-399-6416) in Salem, Oregon, which currently sells 500 to 600 vacuum pumps a month, offers the two-stage cylinder pump to enable cock and ball pumping. Brian Scott at Northwest claims that pumping can cause "a definite increase in girth and maybe one to three inches of length over several years. We know a guy in Texas who has gained about four inches. But he's been pumping five days a week for seven years."

NEEDLE DICKS

Long a part of tribal rite-of-passage rituals in Africa and India, penile piercing is gaining a foothold here in the western world. Though visible piercings—such as in the ear, the nose and the eyebrow—may be motivated by a taste for exotic adornments or simple hipsterism, devotees of cock piercing say that sex is more exciting with a little surgical steel thrown in.

The Prince Albert (P.A.) piercing, which runs through the urethra at the base of the cock head, was originally used to secure the penis to the right or left leg, reducing any embarrassing trouser-bulges. Today it is the most popular piercing at H.T.C. Body Adornment Studio (602-278-1037) in Phoenix, Arizona—but strictly for erotic reasons.

A Prince Albert is usually pierced with a ring or a small barbell. During sex, says Steve Haworth, head of H.T.C. and a P.A. wearer himself, "the barbell rocks back and forth and feels like a little tongue or little finger going in and out of the urethra. It's incredible."

Haworth's girlfriend, Shelly, glowingly concurs that, having tasted the wonders of pierced sex, "It's a waste of time without it."

Haworth also offers a piece of

Foxy Roxy models bikinis and goes to school in Philadelphia, Pennsylvania. Progressing along life's path, she is now one step closer to her fantasy of becoming a *HUSTLER* centerfold. Good luck.

Tricia fantasizes about fooling around with her husband in a black-satin-lined coffin while being driven around in a hearse. A proud mother dwelling in Henderson, Nevada, she plies her skilled hands to "crafts" in her free time. Though her fantasy may seem a bit morbid, one look at Tricia is enough to convince anyone that her husband knows how to live.

What husband wouldn't be overjoyed to come home to a table laid out in such an appetizing manner? A 20-year-old college student from El Paso, Texas, Brooke appears to be a conscientious housewife as well. This delectable auburn dish likes to work out, dance and shop. She'll have to come up with a new fantasy now that she's appeared in **HUSTLER**.

Photo by Husband

Hailing from a state that boasts a thriving Beaver population is Renee of Houston, Texas. Knowing a thing or two about having a good time, this 29-year-old checks out live music, hangs out at pool parties and drinks coffee with friends. She really wants to experience a threesome with an uninhibited, open-minded couple. Any takers?

Photo by Friend

Every day is a holiday when Denise is around. A 29-year-old mother of four, this hardworking homemaker resides in Salt Lake City, Utah. Denise kicks back in the Jacuzzi sipping tequila and concocting fantasies such as the one in which she gets "pounded" by a gynecologist with a huge cock while she's on the examining table and her feet are in stirrups. Is there a doctor in the house?

Photo by Husband

A brunet beauty dwelling in San Diego, California, 21-year-old Kaman works as a receptionist and goes to school on the side. She keeps in shape by in-line skating and dancing, and she relaxes watching movies and cuddling. She'd like to get into a group grope with her fiancé and another fortunate couple. Sounds like a plan.

Photo by Fiance

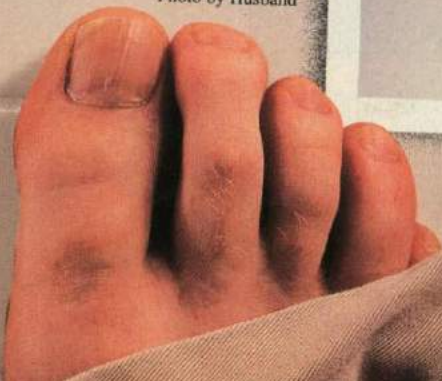

Princess, of New York, New York, shouldn't have to convince anyone of her royal bearing. A dancer by trade, this luscious lady enjoys reading, writing, traveling and, of course, making love. Her fantasy involves abdicating the throne so that she may be dominated by the subject of her dreams. Hail to thee, O lovely Princess.

Presenting an image Madison Avenue should consider using in the competitive realm of automobile advertising is Rochelle of Bend, Oregon. When she's not on the job as a grocery checker, Rochelle goes camping and gets naked in the great outdoors. Her ideal bout of lovemaking includes a bathtub full of whipped cream and raspberry Jell-O. A tasty treat indeed.

Photo by Husband

Taut Tammy Lee cryptically lists her occupation as "entertainer." If pictures don't lie, neither does this St. Clair, Pennsylvania, resident when she writes that bodybuilding is one of her favorite ways to spend her time. She fantasizes about her boyfriend taking her out to dinner, crawling under the table and licking her pussy till she comes. Yum.

Vivian sends in this seductive pose from her home in the Big Apple. The clean-cut computer operator doesn't let living in the city get in the way of her favorite pastimes: lying on the beach and swimming. A naughty 30-year-old, Vivian would like to tie her husband up and make him watch her screw another woman, without him joining in. At least leave one hand free.

Photo by Friend

Carpet or not, Michelle gets comfortable wherever she is. A concierge in Tampa, Florida, this seductive 18-year-old knows how to look good in lingerie, and she uses that knowledge productively in her hobby of taking pictures (or is that having her picture taken?). Young and open-minded, Michelle's fondest desire is to watch her fiance fuck another girl. No objection here.

Photo by Fiance

Demure Denise looks good with or without clothes. At home in Rapid City, South Dakota, she finds a happy medium. A secretary and student, 21-year-old Denise somehow finds time to read, play guitar, camp and fish. Her dream of being secluded with a man in uniform shouldn't be too difficult to realize. Officer!

Photo by Boyfriend

Joelda, a mother of three and dedicated domestic engineer, makes her home in Castle Rock, Colorado. She likes to dominate her "husband/slave," and she longs to "have many men at my feet, sexually pleasing me any way I want." Could a woman ask for anything more?

Photo by Husband

LaBelle (no relation to Patti) makes a living dancing in Miami, Florida. After seeing just one side of her lithe body, it's obvious that she packs the house. A flirtatious 19-year-old, LaBelle has fun shopping, listening to music and having sex. She writes that she would like to be in a porn movie. It could be titled *Booties in Boots*.

Enhancement

(continued from page 120)

The charms of the *ampallang*, which spears the dick head horizontally, are said to be so satisfying to the women of Borneo that they may deny intercourse to a man without one.

piercing jewelry of his own invention, called the "sputnik." Appropriately monikered, the sputnik consists of a short rod that enters the urethra, and is topped on the outside by what looks like a multi-pronged space probe. It is on the pricey side at around \$600, but worth every penny, claims Haworth. To prove his point, Haworth, much to Shelly's annoyance, convincingly reenacts the sputnik's hypnotic sway over a past love interest, complete with shudders and moans.

There is a dazzling array of piercings, each with its own erotic qualities and sensual assets for the wearer—although in general, any ring or barbell piercing done on the penile shaft or head is said to roll and rub around quite pleasantly for both parties during sex. The charms of the *ampallang* piercing, which spears the dick head horizontally, are said to be so satisfying to the women of Borneo that they may deny intercourse to a man without one. Placement of the *ampallang* is crucial, says Haworth, because a wayward needle can pierce the vessel cavities in the penis and cause bleeding every time the piercee gets an erection.

Piercings generally run from \$30 to \$50, and the healing period can be long. While a Prince Albert takes two to six

weeks to heal, an *ampallang* piercing can take up to a year. It's crucial that a professional piercer use sterile needles, and that the recipient follow "post-op" directions carefully. Infection can be very uncomfortable.

FORESKIN REDUX

"I was always envious of the natural penis," reveals Wayne Griffiths, head of the California-based anti-circumcision group the National Organization of Restoring Men (510-827-4077). "It always looked right."

Griffiths, along with an estimated 5,000 to 10,000 men worldwide, is in the process of "restoring" his long-gone foreskin.

Circumcision became an American institution in the early twentieth century, when it was used as a preventive measure against penile cancer, urinary tract infections and premature ejaculation—a use that has since been disproved by medical research. The United States is the only Western country besides Israel that still circumcises a majority of baby boys, to the dismay of men who would just as soon hang onto that flap of skin.

"We are not crazy," Griffiths recently told *The New Republic*. "We are just men trying to take charge of our bodies and restore what was taken away."

Many members of the restoration movement are angry that their foreskins were lopped off without their consent, and equate circumcision with child abuse. Others simply see the process as a way to improve the sensitivity of their chafed and irritated uncovered schlongs.

As Griffiths attests, "When I began restoring seven years ago, I started having these delightful sensations. My penis is nice and smooth finally, and that's a delight."

While it used to be that surgical skin grafts were the only and very risky route to take toward a new foreskin, the most popular current methods of restoration hearken back to manual techniques used since the third century A.D.

Most men start the process by simply pulling the loose shaft skin down as far as possible and taping it over the glans. The slow pulling creates tiny, non-painful tears in the skin, generating the growth of new skin to fill in the torn areas. After some months, a leg suspender or a fishing sinker can be used to put more traction on the growing foreskin. Custom-made weighting devices are also available. The most popular is "the Tugger," which retails at \$115 plus shipping and handling.

The restoration can take time—about three to five years for a full foreskin. But restoring men say it's worth the wait.

Stuart Dean [not his real name], a 37-year-old marketing executive from Chicago, Illinois, who has been restoring since September 1994, says it has changed his life.

"Sex was never a driving force in my life before," he admits. "Once I started taping the skin down, lo and behold, the color of my glans became healthier, and the sensation returned. Like when someone stops smoking, and they start to taste again. Sex became a more total-body experience."

THINK BIG!

Certified hypnotherapist Jim Pifer of Los Angeles, California, thinks big—and that is what he requests of his growing number of clients, who want a transcendental path to a fat phallus without the risk of surgery.

Visualization/hypnotism techniques for the enlargement of soft bodily tissues—breasts, to name a couple—have been around since the '70s. According to Pifer, whose therapeutic bread and butter also includes smoking cessation, visualization can channel your innate sexual energy into a longer, thicker penis, industrial-strength erections and increased self-confidence and self-esteem.

Star Wars

(continued from page 114)

Adding to the air of mystery around Star Wars is the unusual mortality rate of scientists involved in the program—specifically, the apparent suicides of 22 SDI engineers in Great Britain.

blast, he explained, the weapon was far too costly to be used to defend against an array of missiles. Furthermore, being based in space, it would require a massive energy supply and would be extremely vulnerable to attack.

Critics of SDI, Woodruff reported, began to point out these failings of Excalibur regularly, until Teller was forced to abandon the weapon. His solution was to substitute it with *Super Excalibur*, a non-space-based—and thus less vulnerable—nuclear X-ray laser that would produce many beams with one nuclear blast, and thus be capable of destroying thousands of enemy missiles. *Super Excalibur* was sold to Reagan and the public on the basis of no scientific experimentation.

This new weapon, Woodruff charged, was intended to defend against scientific objections, not Soviet attacks.

"[SDI proponents] needed a little magic," explained Woodruff, "and *aha!* Guess what? A little magic! Very classified so you can't review it or talk about it. No power-supply problem because it uses a hydrogen bomb."

Had Teller sold the citizenry a costly bill of goods? Army whistle-blower Aldric Saucier revealed, "I was present once when Dr. Edward Teller of the University

of California National Laboratory said he needed \$20 million for more studies of an already-completed experiment on the X-ray laser. The SDI director, Lieutenant General James Abrahamson, responded to the effect that he could go ahead."

Tens of millions of dollars were spent on *Super Excalibur* before it was finally abandoned in 1992. The reason given was the new policy of the current President, George Bush, to limit nuclear testing.

* * *

Adding to the air of mystery around Star Wars is the unusual mortality rate of scientists involved in the program—specifically, the apparent suicides of 22 SDI engineers in Great Britain.

None of the Star Wars suicides were specialists in laser research or space-based missiles. All worked in advanced electronics or computer systems with military applications. Many were attached to the Royal Military College of Science, an authority on electronic surveillance, communications and weaponry. None had an obvious motive to self-destruct.

A pattern to the killings in Great Britain emerged with the revelation that seven of the scientists worked for Marconi, a subsidiary of General Electric. At the time, Marconi was under

investigation for bribing and defrauding ministers of government. But Britain's Ministry of Defense found "no evidence" linking the deaths. Blame for the sudden outbreak of suicides among Marconi engineers was laid on stress.

One of Marconi's specialties is microwave communications, including the production of troposcatter microwave transmitters, which the company supplied to Iraq. The transmitters allowed Iraqi forces to dispatch orders from Baghdad to the southern front without relying on telephone lines (and they confounded allied intelligence during Operation Desert Storm). Devices such as the troposcatter are in the same technical genus as the Gyrotron resonance maser, a machine that talks to the brain.

* * *

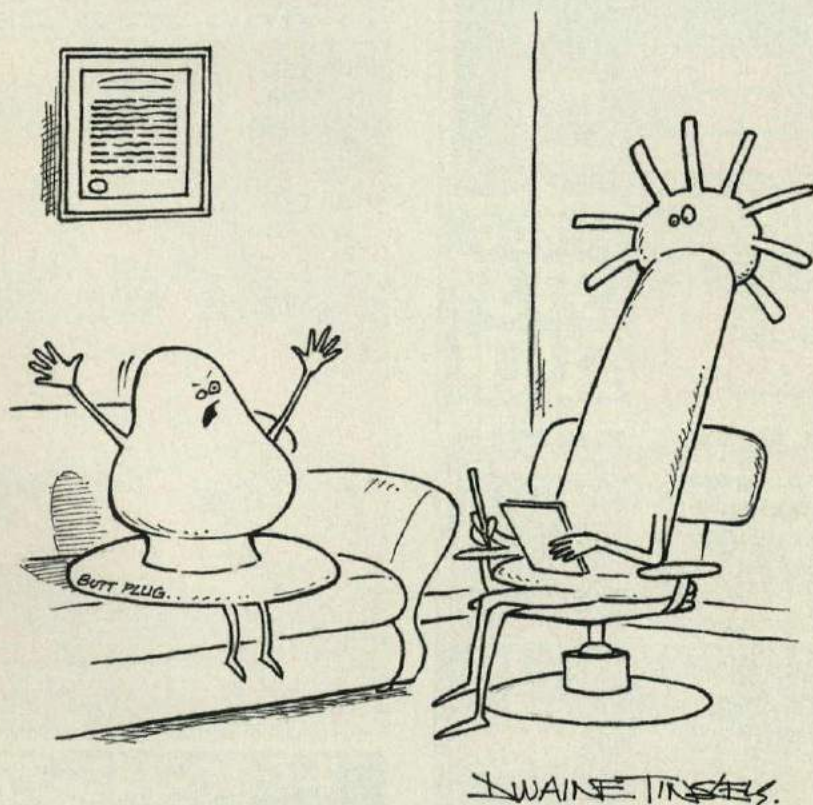

Computerized EM devices that talk and transmit images to the brain were current when Reagan delivered his first SDI pitch in 1983. Philadelphia geologist Harlan Girard, in his NATO address on emergent technologies eight years later, said: "Experiments had produced some communications equipment that far exceeded the ability to broadcast defeat into the minds of the enemy"—an objective of DOD brass. "[This equipment] is not only capable of producing auditory hallucinations, but visual hallucinations as well."

The electronic battlefield has been armed for some time. GTE, for instance, has had an electronic defense division since the 1950s; beginning in 1954, this division was headed by William Perry, currently the U.S. Secretary of Defense. In 1966, Perry was installed as president of ESL, Inc., a military electronics company. ESL has since been acquired by Thompson, Ramo and Woolridge (TRW), a key Star Wars contractor.

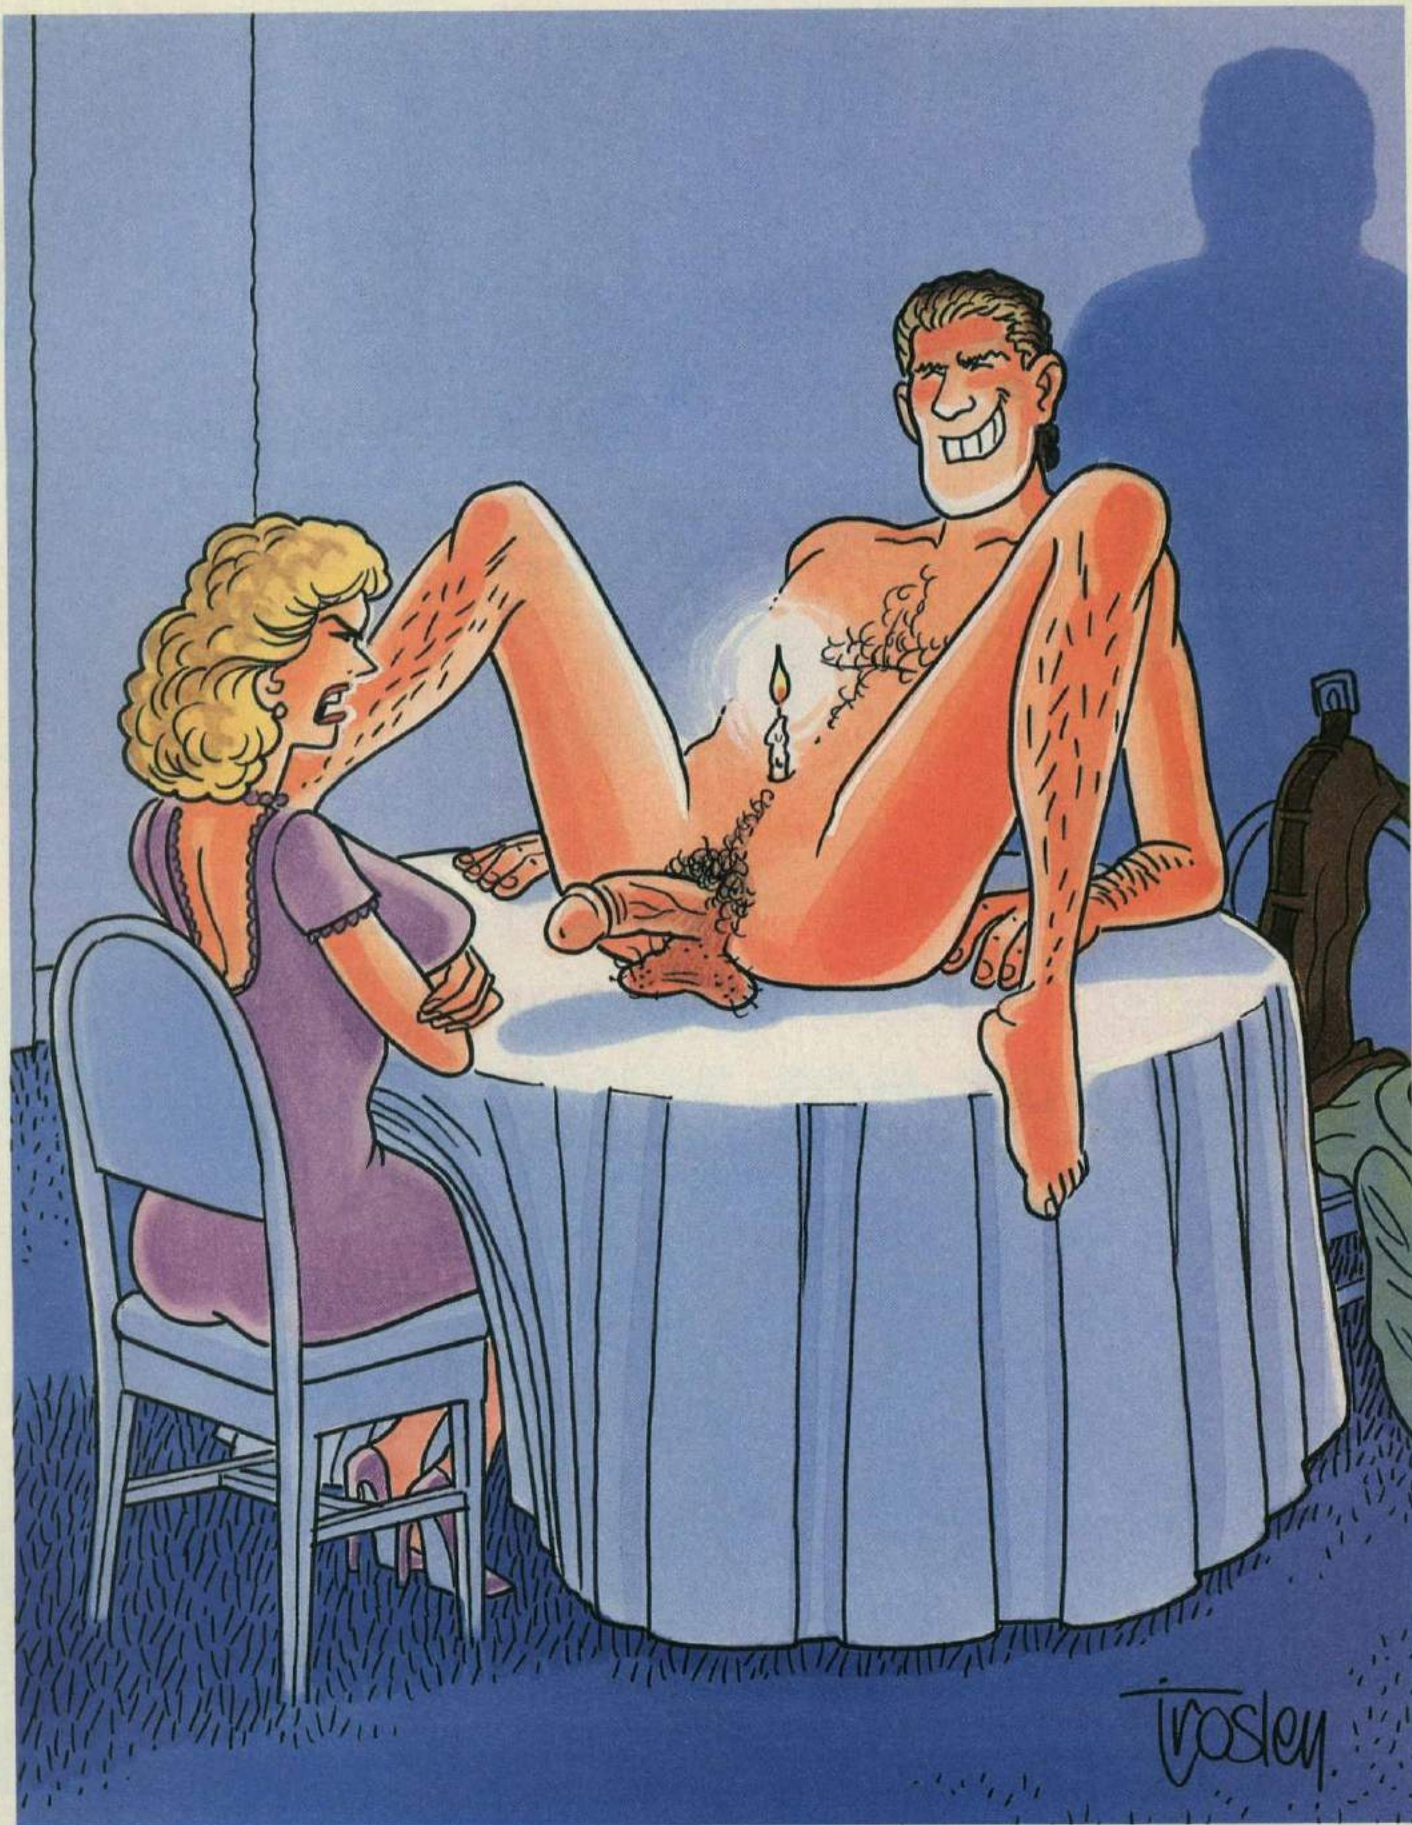

In the 1960s, executives of Honeywell, the Franco-American computer firm (and Star Wars contractor), told *Were We Controlled?* author Lincoln Lawrence that the company was experimenting with machines that "penetrate a man's mind and control his brain waves over long distance."

Mind-control technology is not strictly the domain of covert federal agencies. The monitoring of a medical patient's vital signs from a remote source, discussed in the *Journal of Biomedical Engineering* in 1993, relies on an advanced VHF telemetry station. A computer amplifies and digitizes the signal from an implanted transmitter, analyzes it and displays the data on a personal computer monitor.

"Oh, yeah? And how would you feel if you were always being rammed up someone's ass?"

"This is your 'intimate candlelight dinner for two' ?!!"

Star Wars

(continued from page 140)

In addition, some commercially available microchip implants can "think," according to an article in the October 17, 1994, edition of the *London Times*: "Through the use of microchip technology, [the implants] can interface with the brain, provide complex instructions to mechanical parts and monitor brain activity." Paralyzed patients have only to think to produce "a characteristic electrical wave pattern that is detected by sensors implanted in the brain. The sensors then send an electrical signal to a microprocessor chip implanted in the patient's shoulder." The chip responds with electrical instructions to a mass of tiny implants linked to several dozen nodes in the right arm. The paralyzed muscle fibers contract, and the arm lifts.

Mind-control technology has even found its way into the hands of terrorists. In September 1984, the neo-Nazi cadre known as the Order launched the "Reliance Project," an EM mind-control operation. According to an FBI affidavit reprinted in *The Brotherhood of Murder*, by Thomas Martinez and John Guinther, Order leaders paid \$100,000 to "two former government scientists who had been involved in a secret United States scientific experiment dealing with the transmission of electronic signals or waves at

particular frequencies which serve to render people more docile and subservient." And "experiments were being conducted that will allow persons with the knowledge to take a lock of hair from another and by some scientific process, project a chemical imbalance in that person."

The WFWP's John Tirman called the supposedly Soviet-deceiving Star Wars tests "part of a much larger pattern of dishonesty in which Congress and the American people were deceived as well—a pattern that persists to this day."

Ronald Reagan's Star Wars program may have ended, but Congress still periodically beats the drum for strategic defense. In May 1995, for instance, the House National Security Committee approved a defense authorization bill to boost spending over the Clinton Administration's request—with an emphasis on speeding up the development of a system capable of defending against intercontinental ballistic missiles. If the bill is passed, the door to deception may be opened once again.

And if SDI advocates have their way, microwave-jamming devices may someday become all the rage, like bomb shelters of old.

Enhancement

(continued from page 130)

Pifer's program costs \$200 for four visualization-therapy sessions and a personal audiocassette. Customized audiocassettes can also be ordered separately.

"You're not going to get three extra inches," concedes Pifer, "but a lot of people are getting interested in this side of medicine now. There's plenty of scientific evidence validating the mind/body connection. Besides, with the lengthening surgery, you're cutting the connective ligament of the penis. I'm thinking, it's connecting me for a reason!"

Each of the sessions is geared toward the goals of the client. The AAPS's Gary Griffin, who has worked with Pifer, said that during his visualization session, he was invited to mentally enter a department store and asked to choose the penis of his choice from the cock catalogue and assign it a catalogue number.

He was then taken back to the point of conception and asked to enter the egg and locate the strand of DNA where penis size is determined. With "mental scissors," he cut out his own penis chromosomes and replaced them with the new, improved catalogue version.

Griffin hasn't noticed a change, but Pifer says he hasn't been doing it long enough.

On the other hand, Russell Anderson [not his real name], a 65-year-old Beverly Hills, California, hairdresser, noticed an improvement after just a few sessions. Anderson had a heart attack 11 years ago, and his heart medication made it difficult for him to have an erection. He doubted that being cut open was the solution to his problem; so he went to see Pifer instead.

"Maybe this is mind over matter," qualifies Anderson, "but my penis seems to be bigger, and I have much better erections."

Another one of Pifer's clients claims to have gained half an inch in penis length over four months, and still another notices more chest hair. Because Pifer's penis-enlargement program is very new on the block, no scientific evidence is available yet on its effectiveness. (For more information, call 213-931-2072.)

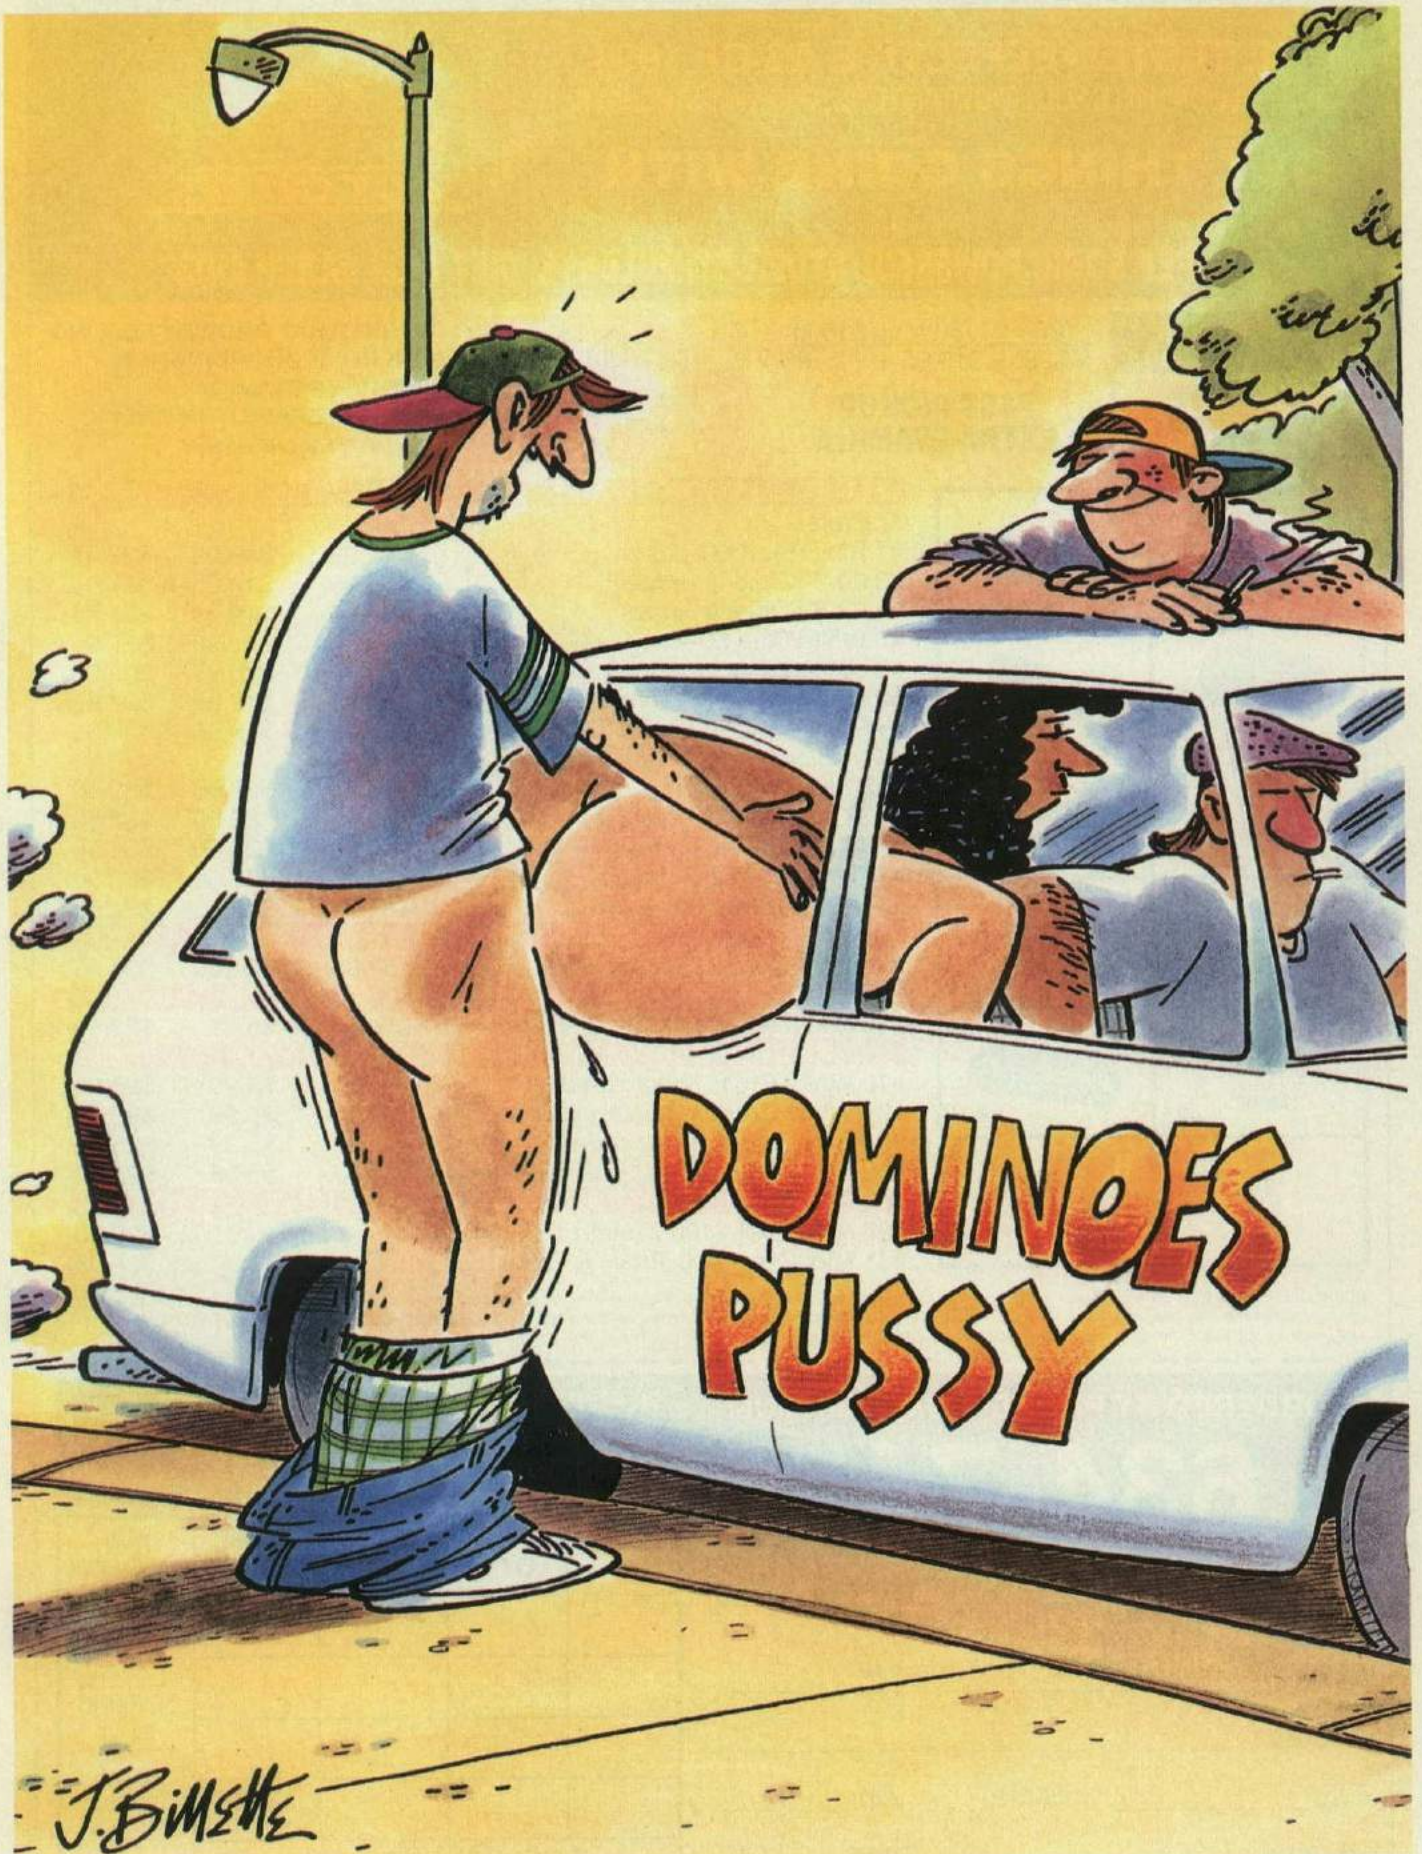

TRIED-AND-TRUE

Finally, there is the most natural dick-distending method of all. Legend has it that in Russia, hospital nurses habitually yank on male babies' weenies, thus accounting for the battalions of horse-hung Russian men.

It is not known whether or not this method works for adults, but it couldn't hurt to try.

"Looks like he kept getting hard-ons and beat himself to death...."

HOME VIRTUAL REALITY SIMULATOR SYSTEMS

Completely self-contained, designed for personal home use

READY-TO-ENJOY • NO COMPUTER NEEDED!

SEXUALLY ORIENTED ADULT ENTERTAINMENT AS YOU KNOW IT IS ABOUT TO CHANGE FOREVER; IF YOU WANT TO BE ONE OF THE FIRST TO EXPERIENCE THIS INCREDIBLE NEW BREAKTHROUGH, KEEP READING...

cybersex n. (sigh-burr-sex)—a sexual encounter that one experiences utilizing the new technology of "virtual reality," i.e. not occurring in reality, but with all the sensations, pleasure, and orgasmic response of real sex so faithfully duplicated, as to be virtually indistinguishable from the real thing. (See also cybersexual intercourse.)

Virtual Reality is the **most phenomenal breakthrough** to emerge from science in decades. The whole world is talking about it: *The Los Angeles Times Magazine* and other major metropolitan newspapers have covered it; Talk-show hosts have experimented with it on national TV in front of millions of viewers; An author made it the subject of his best-selling book-turned-blockbuster-movie. A popular hotel/casino in Las Vegas has a coin-operated system installed that generates more income than most of its black/jack tables; There are even **some fast food restaurants that have installed VR systems**, to capitalize on the guaranteed, magnetic draw of such an incredible attraction.

What is VIRTUAL REALITY? Quite simply, it is nothing less than **a technology that can virtually re-create reality**—every sight, sound, smell, touch and sensation of any human experience can be duplicated, "cloned," with a system that simulates all the sensations of the Real McCoy, and allows a subject (you, for example) to experience and enjoy the little episode as if you were really there; **no human being can tell the difference.**

Scientists and researchers have actually discovered "the building blocks" of sensory perception, and **more incredibly, are able to recreate, or "clone" those patterns**, resulting in an experience so indistinguishable from the real thing, that it has been dubbed **"VIRTUAL REALITY."**

Since the mind's conscious interpretation of incoming stimulus is what determines the nature of human experience, this means that **actual events in human experience can be synthesized, re-created at will**, to be "re-played" at any time, with any subject (you), like today's video cassettes, but on a **far more realistic level.**

As a medium of entertainment, however, its implications were **truly astounding**. Imagine being able to "relive" any situation you desire, whenever you want, as often as you want to? Imagine "custom tailoring" a sexual experience to your own stringent requirements—every detail, every nuance—**exactly the way you like it**. Not only that, but also **available whenever you want it, as often as your body can handle it!** Gay or straight, the subject matter is at your total command; **the only limitation is the human imagination.** Are you beginning to grasp the phenomenal scope of this discovery?

"We've discovered that our imaginations are like high-powered race cars and in the land of Virtual Reality, there are no speed limits, no stop signs, and you never run out of gas..."
Betty Jo and Darryl Sanderson, Spokane, WA*

A consultant named Peter Webber, whose firm had been contracted by major movie studios to

research new entertainment technologies came upon this systems at a trade show. In a brainstorm, he realized an as-yet-untapped area that would be an instant hit: **SEXUAL EXPERIENCES IN VIRTUAL REALITY**—so detailed, so true-to-life, it would be a perfect "clone" of the real thing. Every voluptuous curve of the perfect sex partner would be recreated to your specifications; that indescribable "tingling" in your groin; every sensation of a totally satisfying sexual experience—**exactly duplicated—indistinguishable from the real thing.**

If the magnificent implications of SEXUAL EXPERIENCES IN VR are still not clear, let's make a simple comparison between REAL SEX EXPERIENCE and CYBERSEX VR SIMULATOR EXPERIENCE:

- | REAL SEX | CYBERSEX |
|--|--|
| 1. You may never have an experience with the "partner of your dreams." | 1. You can enjoy your "dream partner" any time you want. |
| 2. Frequency often depends on mood and receptiveness of female partner. | 2. Frequency depends entirely on you; The words "no" and "headache" do not exist in virtual reality. |
| 3. Risk of pregnancy/disease can interfere and dampen pleasure. | 3. The safest and most satisfying sexual encounters known to man—always. |
| 4. Infrequent/not always available. | 4. How often can you handle it? |
| 5. Finding and seducing partners can be very expensive. | 5. For unlimited experiences, you incur a one time charge that costs less than dinner and a movie. |
| 6. For your pursuit, you need a nice car, a nice pad, nice clothes, and plenty of money. | 6. You need only an electrical outlet. |

Please note—Virtual reality experience is entirely dependent on the orientation of the user—gay, straight, bisexual, groups, "kinky," or whatever—**there is no sexual discrimination in virtual reality!**

Perhaps the most wonderful thing about technology is that it constantly seeks to improve upon itself. A decade ago, video cassette recorders cost in excess of \$1,000; today they are little more than a tenth of that. And the same is true of Virtual Reality technology; the components that used to cost thousands of dollars can now be had for far less. This fact, coupled with the tremendous resources available to our movie and entertainment industry, make the time "ripe" for a breakthrough of this nature. After 3 years of intensive research, Webber developed the CYBERSEX HOME VR—SIMULATOR SYSTEM. So that the marvels of this new technology could be appreciated first hand by consumers in the privacy of their own homes, at an affordable price.

"Comparing a conventional videotape and a stereo system to a VR (Virtual Reality) system is like comparing a tricycle to a jet plane."

Kyle Miller, Nashville, TN*

So why isn't this miraculous "DREAM MACHINE"—available on a mass level?

It's simple—the "giants" of consumer electronics don't want to release the goodies yet. They have to keep the price in the stratosphere, to "milk" the consumers, just like they did with VCR's CD players, and every other new development they've come out with.

But it doesn't have to be that way—not this time. Take advantage of this invitation to buy direct. Try out our CYBERSEX HOME VR SIMULATOR SYSTEM. Find out what the noise is all about, and why the whole world is buzzing. We'll ship you the genuine article, lock-stock-and-barrel, ready to use and experience, for only \$24.95 each. Or, if you prefer our multi person system will enable you to take that special person or persons through your journey to sexual ecstasy. The price of the multi person system is only \$39.95 each. We've got the only system of its kind, right here in the movie capital of the world, ready to ship direct to you; we alone have found a way to deliver a system like this one for this price. **Order yours today!**

"More words and pictures can't describe her... my dream girl from 'Cyber'..."
Leonard Soames, Baltimore, MD*

The most advanced, easy-to-use system for **PENIS ENLARGEMENT and ERECTION CONTROL** ever developed is now available . . .

The SUPRA-12 Dual System®

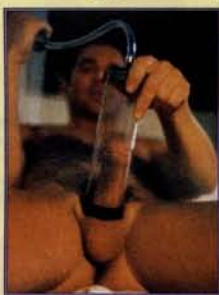

with the patented SENTRY™ Prolong Ring

Now you can **GET IT UP** with a speed you never thought possible; you can **KEEP IT UP** at a phenomenally large size you never thought possible; and you can **STAY HARD** for an incredible length of time you never thought possible . . .

YES! MEN REPORT MEASUREMENTS OF 9, 10, EVEN 12 FULL INCHES ARE POSSIBLE . . .
Watch your penis **GROW LONG, GROW FAT** and **GROW** to new startling dimensions!

It's easy; when you follow these simple instructions.

1. ANY MAN, with ANY SIZE in its soft state, inserts his organ onto the sleeve of the miraculous SUPRA 12 with the new SENTRY Prolong Ring for erection mastery.

2. Begin the vacuum development phase; see your flaccid, puny organ start to GET LONG, GET FAT, BULGE & GROW - to new startling dimensions of LENGTH & THICKNESS . . .

3. IS IT AS BIG AS YOU WANT? Good! Now simply slip the SENTRY Prolong Ring to the base of your penis. You can keep that long, thick hard erection for as long as you wish!

HOW CAN THE SUPRA-12 DUAL SYSTEM INCREASE PENIS LENGTH & THICKNESS?

The phenomenon of male erectile response occurs when external stimulation, applied to the glans and penile shaft (see fig. 1) produces increased blood flow into the special muscles which reside in the penis. The increase produces turgidity and engorgement with a corresponding increase in thickness and size until the muscles are at full capacity. By increasing capacity, the muscles can hold more blood, producing a **SIGNIFICANTLY LONGER, FATTER, and BULGING ERECTION**. This is the principle behind the SUPRA-12, and it is simplicity itself! By using the system and all the components supplied, and following the simple directions, any man **CAN ENJOY ASTOUNDING RESULTS** in augmenting his natural penis size to the **VERY MAXIMUM DIMENSIONS** of which he is capable!

THE SENTRY PROLONG RING - THE MARVELOUS "BONUS" OF THE SUPRA-12 SYSTEM THAT ALLOWS YOU TO "HAVE YOUR CAKE AND EAT IT TOO"!

No penis-building system is any good unless it allows you to enjoy **LASTING INCREASES IN SIZE**, right? This is where the beauty of the sensational new SENTRY Prolong Ring comes in - it allows you to maintain your **NEW BULGING SIZE**, and enjoy your hard, virile erection, for a period of time that will astound you - erection control for as long as you want! Not only that, but the SENTRY is simplicity itself; sits quietly at the base of the penis, and **never interferes with penetration**, the SENTRY is your secret ally in pleasure, allowing you to **have intercourse, penetrating to new depths**, with an amazing new level of rigidity never attainable before. And then its removed in a flash. All this control literally **at your command, at your fingertips!**

THE BEST OF BOTH WORLDS: ULTRA-MODERN TECHNOLOGY AND GOOD OLD-FASHIONED VALUE - SUPRA-12 GIVES YOU BOTH!

It's a fact: Other, inferior systems have half the features as Supra-12, but sell at twice the price, at the very least! Made in the U.S.A. these state-of-the-art vacuum pumps are equal or better than those prescribed by doctors that sell for up to \$430. **ACCEPT NO SUBSTITUTES!**

NEW, IMPROVED ELECTRIC MODEL
Plug-in electric pump provides constant vacuum you control! Complete vacuum occurs gradually for safety and provides relentless vacuum without any physical effort. Ultimate in vacuum pump luxury!

"The quality remains long after the price is forgotten."

PENIS ENLARGEMENT

You can thicken, harden, and lengthen your penis to 12 inches or your maximum potential!

The only complete penis enlargement system featuring the largest selling and most successful pump and **free** step-by-step instructional video and magazine!

Successful results for over 20 years with more than 5 million men!

How can our heavy duty deluxe penis enlarger increase the length and thickness of your penis?

The answer is called hypermia, a medical term to describe blood filling into the caverns of your penis. The caverns expand causing your penis to grow in length and diameter. The superior pump action and sealed vacuum of our penis developer urges your penis to grow to mammoth proportions.

Can I use any pump to increase penis size?

Not exactly. Inferior substitute pumps and electric massage pumps can't help you. You need a quality pump constructed of the finest materials tested and tried and used successfully for over 20 years. Our pump will give your penis increases in length and diameter you never dreamed possible. Up to 10 inches, even 12 inches... or your maximum potential, and you'll see this dramatic increase in size grow right before your very eyes, through the clear housing.

If I have a quality pump, is that enough?

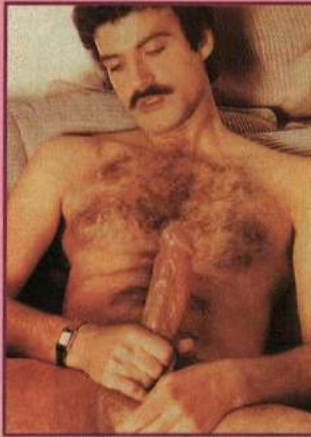

You need to know how to use the pump. This is important! Our instructional video tape and magazine shows you, step-by-step, how to harness the energy of our powerful pump. The video tape and magazine are easy to follow and guarantees you will understand how to use our pump. You will learn how to make your penis thicker and longer by following the easy step-by-step instructions.

You will be pleased with the results and so will your sex partner!

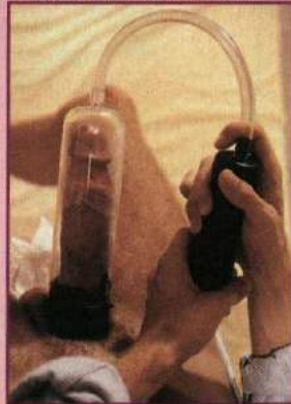

Any man, any age, any size and any race can achieve a longer, thicker, and harder penis!

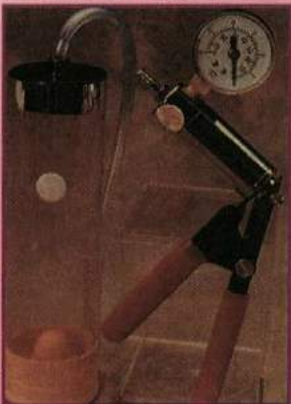

Our heavy duty deluxe pumps are the same type of pumps prescribed by doctors that sell for up to \$500 to help men produce an instant, dynamic, rock hard, throbbing erection. Accept no substitutes.

Solid ORIENTAL FUCK DOLL

Advanced technology produces a new level of realism and sensual pleasure never before experienced!
THE NEWEST, LATEST MODEL - The "love doll" has really evolved over the years - from the crude but functional "artificial vaginas" of the early sixties, through the breakthrough "foam" dolls of the seventies to now - the most technologically superior sex partners ever created!

HUSTLER**

December HUSTLER on sale September 26, 1995

BURNING DOWN

HUSTLER in December keeps away the chills with a warm-blooded assemblage of centrally heated Honeys. Dive in for poolside poking with a guy and his blond babe creating their own version of tropical paradise, and getting their strokes down pat; visit a short-haired brunette surrounded by red velvet and golden silk, extending an open invitation to all comers; envy the sand, as two browned, brown-tressed lovelies lick labes and munch muff on a sapphic seashore; join an all-new fan club devoted to December's pale-skinned blond centerfold, and get blown away by her massive mams; and tempt fate by answering Destiny's call to light a fire under her red-hot tail. HUSTLER in December burns down the house. Have a hose handy.

GET WHAT YOU'RE AFTER

For the husband who wants to play, but doesn't want to pay, December's step-by-misstep directory to extracurricular carnality, *How to Cheat*, presents some fundamental guidelines. From covering telling paper trails to avoiding smelling suspicious, this insightful instruction manual details the most successful ways to get some strange and get away with it. For the discreet philanderer who wants to mess around and stay married, this how-to is a must.

MAKE SENSE?

In *Population Doomsday*—or *Population Hoax*? investigator James Harris uncovers both sides of the world overpopulation argument. Will pessimism, strong centralized government and a socialized economy bring about the end of man's stay on earth; or will free-market incentives, continued environmental awareness and the inherent progressive nature of the human race produce a doubled world population *and* higher standards of living? The "doomsters" battle the "cornucopians" in predicting the future of humanity in this fascinating report. Find out what the future holds in store, next month.

SAME AS IT NEVER WAS

Sex Play investigates the phenomenon known as women in uniform. A perverse kink, or a simple case of role reversal? Why are they a turn-on? Read and learn: *Beaver Hunt* goes behind closed doors, looking for open doors; *Erotic Entertainment* gives the authoritative word on the finest in video vice; *Bits & Pieces* pieces together bits of indispensable information; *Hot Letters* lays down tales of literate lust. HUSTLER in December is anything but frosty. Thaw your meat.
